Await White House Comment After Visit By McGrath

TAFT GAINS NEW POWER IN WISCONSIN, NEBRASKA VICTORIES

ATTY. GENERAL 15 MINUTES WITH TRUMAN

Washington, April 2—(AP)—Attorney general McGrath talked with President Truman for 15 minutes today and left the White House declining comment on reports that his resignation was imminent.

McGrath saw the president at the height of a row with Newbold Morris, the Truman administration's cleanup chief, over the information Morris has been seeking—with presidential backing—about the financial affairs of cabinet members and other high government officials. All McGrath would tell newsmen afterward was:

"I discussed departmental matters with the president.

"Anything that is to be said about our discussion will be said by the president or his staff."

Asked point blank if he was going to resign, the attorney general said unsmilingly that the statement he had just made was all he had to say.

The White House had no immediate comment on McGrath's visit.

The attorney general's meeting with Truman came less than 24 hours after Rep. Chelf (D-Ky.) delivered to the White House—by request—a copy of McGrath's testimony before congressional investigators. McGrath told Chelf's judiciary subcommittee Monday he wouldn't appoint Morris his special assistant if he had it to do over again.

McGrath also said he had not decided whether he or any of his 596 top officials listed to receive the Morris questionnaires would answer them. Morris has asked Truman to fire any government worker who refuses to answer, declaring he would quit his cleanup job if the president failed to do so.

NORTHERN CITIES PLAN INDUSTRY RETENTION

Reading, April 2—(AP)—George W. Taylor, former wage stabilization director, says every effort must be made to maintain the practice of collective bargaining. Speaking at yesterday's session of the 40th annual national convention of the AFL-American Federation of Hosiery Workers, Taylor said:

"Government decisions on other things may be acceptable, but the condition of employment must be decided by collective bargaining." Earlier, the union's president, Alexander McKeown said it is a distinct possibility that northern cities would offer inducements to manufacturers and not move south.

HELD IN WIFE'S DEATH

Pittsburgh, April 2—(AP)—Cyril Yaggi, 44-year-old McKees Rocks truck driver, is held for murder today in the March 12 death of his wife, Elizabeth. A coroner's jury recommended Yaggi be held after ruling that Mrs. Yaggi died from a blow on the head.

SUPERMARKET THEFT

Sharon, Pa., April 2—(AP)—Burglars knocked the combination off a strong box yesterday and scooped between \$2,000 and \$3,000 out of the safe at the Messersmith Supermarket near the Sharon city limits.

39 INDICTMENTS

Pittsburgh, April 2—(AP)—The March grand jury, now hearing evidence against members of the defunct police morals squad, has returned a total of 39 indictments against 11 policemen who served on the squad.

MOTORIST DIES

Sharon, Pa., April 2—(AP)—Injuries suffered in a weekend auto crash on Route 18 near here proved fatal to Aubrey Taylor, 29, of New Castle. Police said his auto struck a pole when it failed to make a curve.

YELLOW CAB STRIKE

Pittsburgh, April 2—(AP)—Members of Local 128, AFL Taxicab Drivers, voted 795 to 40 in favor of a strike against Yellow Cab Co. to back up demands for higher wages and improved working conditions.

CONGRESSMAN CHARGES LABOR BOARD STACKED WITH MEMBERS UNDER INFLUENCE OF UNIONS

Charging that some of the public members of the Wage Stabilization Board, supposed to be "composed of disinterested and impartial representatives of the public, beholden neither to labor nor to management in a controversy," were actually receiving compensation from CIO and AFL just prior to their appointment to the board, Congressman Ralph W. Gwinn, a member of the House Education and Labor Committee, Pawling, N. Y., has written the following caustic letter to the chief executive, in which it is suggested that the Wage Board be abolished as illegal and its recommendations in the steel case ignored as a fraud on the public:

President Harry S. Truman
White House
Washington, D. C.

Dear Mr. President:

Constituents in my district are shocked to learn that some of the public members on the Wage Stabilization Board, who recommended approximately 30c an hour or \$2.40 per day, an all-time high increase of pay, to stop the CIO steel strike—were actually receiving compensation from CIO

and AFL just prior to their appointment to the Board by you.

These members were supposed to be disinterested, impartial representatives of the public, beholden neither to labor nor to management in a controversy. Nathan Feinsinger, Chairman of the Wage Stabilization Board, has been the favored arbitrator of CIO since 1943 and paid very substantial amounts by them. He is their spokesman for the repeal of the Taft-Hartley Act. How could he impartially decide against CIO in the steel strike without endangering the loss of future union employment as arbitrator in labor disputes? John Dunlop, another so-called public member of the Board, has been almost continuously in the pay of AFL since 1948, to settle A F of L jurisdictional disputes within the union. He is reported to have received compensation as high as 20 thousand dollars a year from that union. Would he also imperil his job with his union employers? George W. Taylor, former Chairman of the public members, recently resigned and was immediately employed for a reported 20 thousand dollars a year job to act as full-time arbitrator in internal CIO disputes. Benjamin Aaron, another public member, (Turn to Page Eight)

REPORT FROM OMAHA GIVES NARROW LEAD

Washington, April 2—(AP)—Sen. Robert A. Taft said today midwestern voters have demonstrated there is "just as much of a ground swell for Taft as for Eisenhower."

The Ohio senator claimed "a very substantial victory" in the Wisconsin primary yesterday where he won 24 of 30 Republican delegates in a contest against Gov. Earl Warren of California, and former Gov. Harold E. Stassen of Minnesota.

Taft told a news conference he had won "an apparent victory" in Nebraska, where he was running ahead of Gen. Dwight D. Eisenhower in the presidential popularity test. Both the Taft and Eisenhower votes in Nebraska were on a write-in basis, while Stassen—whose name was on the ballot—was third as he was in Wisconsin.

Eisenhower's name was not on the ballot in Wisconsin, where write-in votes were not permitted.

The "ground swell" reference was based on the claims of Eisenhower backers that his 100,000 votes in the Minnesota primary March 18 showed evidence of a great amount of popular appeal by the general among the citizens of the Midwest.

Milwaukee, April 2—(AP)—Sen. Robert A. Taft put new power into his drive for the Republican presidential nomination today, winning the vital Wisconsin primary and taking 24 of the state's 30 delegates.

The total vote, exceeding 1,000,000, broke all primary records. With 22 precincts still unreported, Taft was leading Gov. Earl Warren of California by 53,000 votes. Harold E. Stassen, former governor of Minnesota, was a distant third.

Warren and Stassen, together, racked up a bigger total than Taft's. The senator, at the latest count, was holding 40.6 per cent of all the Republican votes cast.

Omaha, April 2—(AP)—Sen. Robert A. Taft clung to a small but important lead in Nebraska's GOP presidential popularity contest today with indications he was firmly established as the front-runner.

Taft hung onto his number one spot by about 6,000 votes. He appeared to be winning at least 18 of Nebraska's 18 GOP national convention delegates. Sen. Kerr of Oklahoma, conceded his defeat by Sen. Kefauver of Tennessee in the Democratic presidential primary.

ARNALL SAYS STEEL STRIKE UNAVOIDABLE

By NORMAN WALKER

Washington, April 2—(AP)—A nationwide steel strike next week appeared inevitable today unless the government blocks it either by seizing the industry or getting a court injunction against the union.

Price Director Ellis Arnall put the government's attitude into these words: "I am very, very fearful we are going to have a steel strike. That is, if everyone continues as adamant as they appear to be now. In other words I don't see how it can be averted unless someone gives. I have no reason to feel optimistic."

Arnall's comments came after long talks with President Benjamin Fairless of the U. S. Steel Corp., the biggest producer. Fairless was pleading for price increases to offset government-suggested pay boosts for Philip Murray's CIO steelworkers.

Murray has set a strike of 650,000 workers in basic steel for April 8, next Tuesday. Negotiations which were to have started in New York Monday, never got underway and await "further developments" from Washington. Murray called the delay "unwarranted."

(Turn to Page Eight)

SGT. I/C JAMES HORONY, recruiting sergeant in Warren, was driving the 1951 Chevrolet, left, when it was struck this morning by a 1951 Oldsmobile driven by Dr. R. F. Grisson of Oak Park, Ill., at the junction of Routes 62 and 6. Three are hospitalized, four others were hurt. Young's, Peterson's and Gibson's ambulances responded to the call. The two cars were badly damaged.

Anxious to Talk, She's Two Years Early

Hays, Kas., April 2—(AP)—It all just goes to show you—once in a while a woman can be early for an appointment.

Miss Ismet Sanlin, a speaker from Turkey on a national tour, arrived here yesterday to address the knife and fork club.

She phoned Bill Roberts, secretary of the club. Roberts hustled to the depot but was mildly astonished when he saw Miss Sanlin.

It seems the club's next speaker—a man—was scheduled for May 8. Miss Sanlin, who will talk on "Turkey with all the dressing," is scheduled for April, 1953.

Seven Are Injured as Two Cars Meet Head-on at Intersection Of Routes Near Irvine Bridge

Three motorists were admitted to Warren General Hospital shortly before 9:30 a. m. today as the result of a head-on collision at the junction of Routes 6 and 62, near the Irvine bridge, while four others were discharged from the hospital after emergency room treatment.

Mrs. Lillian Horony, 28, of Centerville, and her sister, Miss Margaret Moore, 32, also of Centerville, were passengers in a car driven by Sgt. I/C James Horony, Army and Air Force recruiting sergeant in Warren, which was struck head-on by a car driven by Dr. Raymond F. Grisson, 51, of Oak Park, Ill. Sgt. Horony was driving toward Warren it is said, when the Grisson car, turned south on 62, ran into him.

At Warren General Hospital, it was reported this afternoon that Mrs. Horony has a fractured pelvis. Miss Moore suffered multiple lacerations of the nose and a fracture of the nasal spine, while Dr. Grisson has five fractured ribs and a bad chin laceration. It was reported that Mrs. Horony was thrown through the windshield.

Mrs. Frances Grisson, wife of the Illinois doctor, and their two children, Cynthia and James, and Sgt. Horony also were treated in the emergency room but were discharged.

Condition of Mrs. Horony, Miss Moore and Dr. Grisson was said this afternoon to be satisfactory. State police are investigating.

NO GENERAL'S PAY FOR PRESIDENT IKE

Washington, April 2—(AP)—If Gen. Dwight D. Eisenhower should become president he would have to choose which of two pay checks he wanted to draw—a five-star general's or the president's.

The Economy Act of 1932 prohibits the drawing of two pay checks from the government if, together, they total more than \$3,000.

The decision shouldn't be difficult.

The military pay and allowances of a five-star general total \$18,761. The president's salary is \$100,000, plus a \$50,000 tax-free expense allowance.

NO AUTOMOBILE TV FOR MISSISSIPPI

Jackson, Miss., April 2—(AP)—Mississippi may ban TV sets on the front seats of motor cars.

Rep. Clarence Pierce is sponsoring the legislation.

All of Mississippi's video fare is provided by Memphis, Tenn., and New Orleans stations. Pierce said last night he doesn't see the immediate need for the bill but thinks the state should have such a law on the books for the future.

ORE OUTPUT JUMPS

Pittsburgh, April 2—(AP)—Republic Steel Co. says use of Liberian iron ore has increased production six to nine per cent in the firm's Cleveland plant.

R. P. Carpenter, open hearth superintendent, told the 35th annual conference of the American Mining and Metallurgical Engineers the Liberian ore is so pure that it is "without a doubt the finest in the world." Republic got its first Liberian ore last year.

Queen Juliana And Big Wardrobe Due In Capital Today

New York, April 2—(AP)—Queen Juliana of the Netherlands and her party left Gander, Newfoundland, for a non-stop flight to Washington at 5:50 a. m. (EST) today. The Royal Dutch Airlines plane is due at Washington's National Airport at 3:41 p. m. (EST).

By RUTH COWAN

Washington, April 2—(AP)—Queen Juliana of the Netherlands is traveling with a wardrobe fit for a queen—about 10 dresses, seven evening gowns, three suits, two suit dresses and a dozen hats.

When she steps off the plane here about 3:41 p. m. (EST) to day after flying the Atlantic, the advance word is that she will be wearing a raspberry-red silk dress with a bell shaped skirt. Her hair of tulle and lace will be dressed in her gloves and shoes black.

PLAN HEARINGS ON TRUCKERS' INCREASE

Harrisburg, April 2—(AP)—A general 10 per cent rate increase for truckers operating between Philadelphia and Pittsburgh and in the eastern part of Pennsylvania has been suspended until October by the Public Utility Commission.

The commission yesterday ordered an investigation into the proposed increases and announced that public hearings will be held later.

Scheduled to go into effect April 7, the boost is sought by some 9 motor freight haulers, represented by two organizations. They claim the increase is needed to meet higher operating costs.

OIL MEN MEET

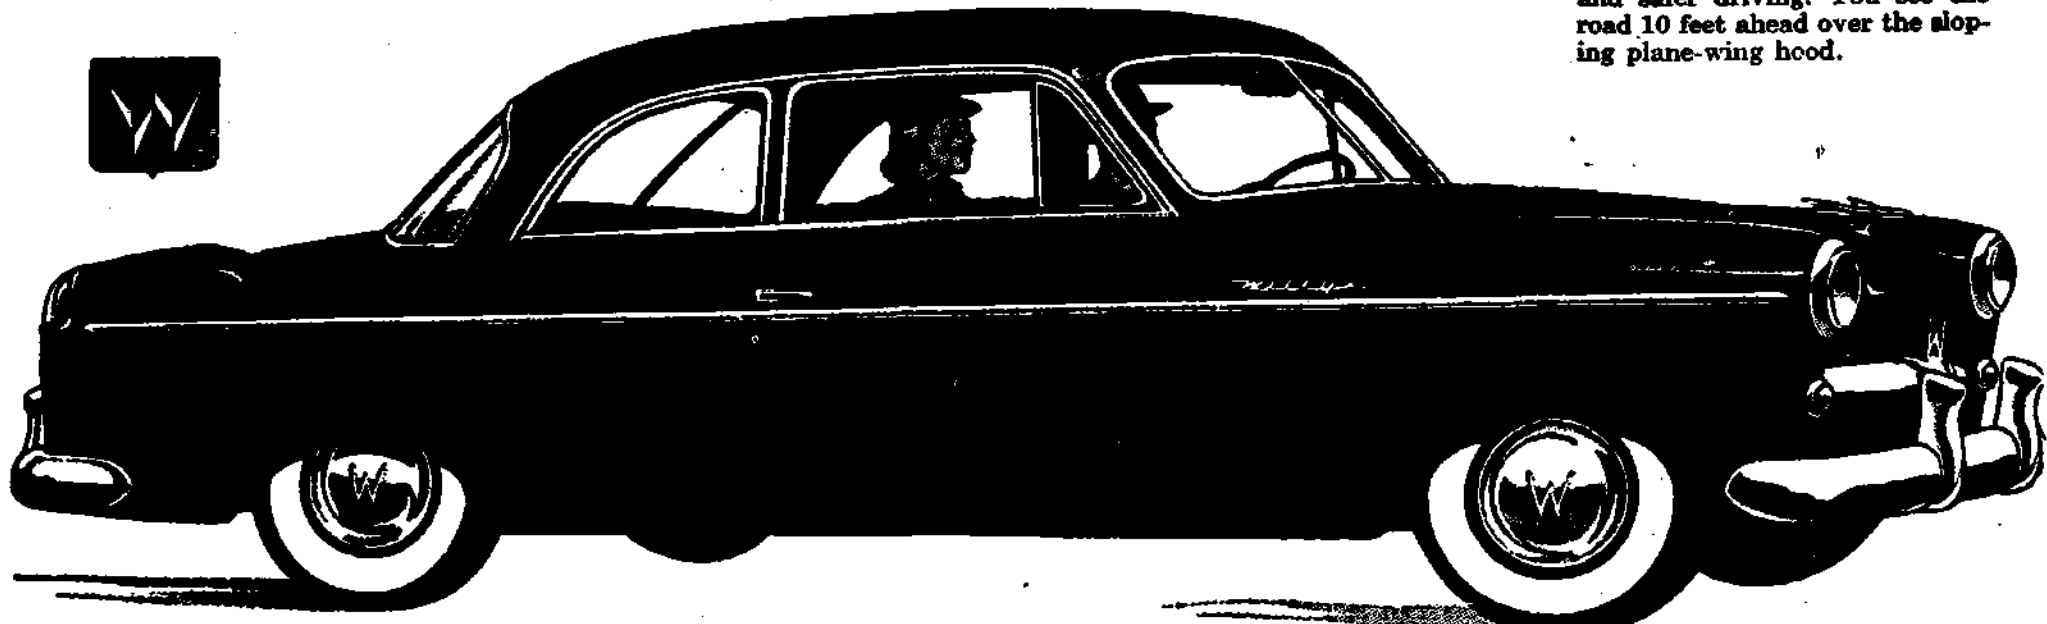

Pittsburgh, April 2—(AP)—More than 500 oil and natural gas production men from eight states are attending the spring meeting today of the eastern district of the American Petroleum Institute's division of production.

RAILROADER DIES

Pittsburgh, April 2—(AP)—Funeral services will be held Thursday for John D. Conway, 89-year-old veteran employee of the Pittsburgh and Lake Erie Railroad and an official of the Railway Supply Manufacturers' Association.

Willys spells "Wonderful"

...you'll agree when you drive it...when you see all the features you get in the Aero Willys and in no other car!

UP TO 35 MILES PER GALLON—the Aero Willys with overdrive* delivers up to 35 miles per gallon on regular-grade gasoline.

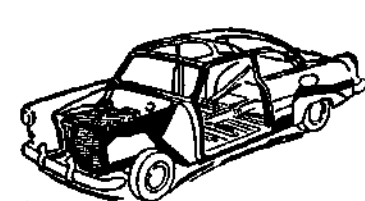

AN "AIRBORNE" RIDE... soft, smooth and silent... road roughness and bumps soaked up by coil springs and rubber pillows.

7.6 COMPRESSION in the new F-head Hurricane 6 Engine squeezes more power and mileage from every drop of gas. Compare it with engines in costliest cars!

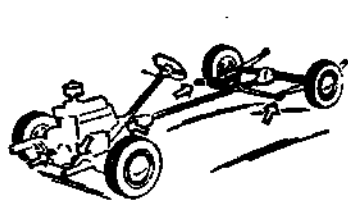

SEE ALL 4 FENDERS from the driver's seat...easier parking and safer driving. You see the road 10 feet ahead over the sloping plane-wing hood.

61-INCH WIDE SEATING, both front and rear—spaciousness you'd expect in only larger, far more expensive cars.

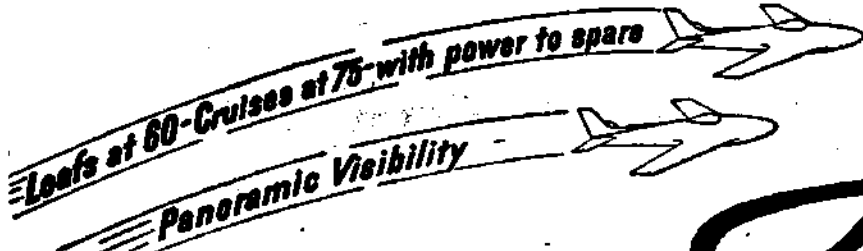

AERO-FRAME CONSTRUCTION, with frame and body welded into one strong, rigid unit... cuts off gas-consuming weight.

RUBBER-FLOATED DRIVE system, from engine to rear axle, effectively suppresses power-impulse vibration.

GAS FILLER AT REAR near center—easy, quick filling; from either side—introduced first in 1952 by Willys.

Church Building For Youngsville Parish Discussed

Members and friends of St. Francis Episcopal church of Youngsville held a special meeting Sunday evening when plans were discussed relative to a church building program.

A church building committee is composed of seven executive board members: George E. Smith, senior warden; Clifford Sample, junior warden; George E. Anderson, treasurer; N. Cleon Wood, secretary; George W. Smith; Harry Noonan and Albert Whaley, together with the Vicar, Rev. W. A. Chamberlain, Jr.

The committee was authorized to purchase concrete forms, and these are now being unloaded on the church property. They were also authorized to accept offers of work, donations of money, and to purchase the necessary stone for the building. Building operations will be in charge of Clem Wolstencroft, of Warren.

It is hoped that the foundation can be completed during the current year and used for church and parish activities until money has been subscribed to complete the church. The proposed structure will be about 36 by 80 feet, according to present plans.

Further meetings of the committee are scheduled in the near future to complete the preliminary work.

Youngsville Club Names Committees

At last night's meeting of Youngsville Kiwanis Club, President Ray Weber announced the following committee appointed to work with the Youngsville Community Fair Board: Deac Lay, Al Aiello and Mark Summerson. The committee will meet with the board on Friday evening to make preliminary plans for this year's fair, which is scheduled for September 3 to 6 inclusive on Island Park.

President Weber also announced that plans are progressing for the first annual Kiwanis father-son banquet to be held in the Youngsville high school gym on April 28.

Speaker of the evening was Robin Clark, of Warren, who told of what goes on behind the scenes in the staging and performance of a dramatic production.

At the Hospital

Admitted Tuesday
Susan Ellen Anderson, 6 Rollins street.
Mrs. Jean D. Beyer, 106 Home street.
Peter Salerno, 814 West Fifth avenue.
Albert Hornstrom, 9 Marrer street.
Theo. Dunn, Russell.

Discharged Tuesday
LeRoy Moore, Clarendon.
Archie M. Huckabone, Tiona.
Phyllis Irwin, 13 1/2 Glade avenue.
Mrs. Anne Spidel and baby, 119 Water street.
Mrs. Blanche Barr and baby, 17 Franklin street.

New Annex Rapidly Being Occupied By Court House Offices

Things are still in a jumble from moving activities, but a visit to the new Court House annex, the old Schimmelfeng property on Fourth avenue adjacent to the Court House, reveals that offices located there will be in attractive surroundings.
The interior of the home has been refurnished throughout with cream and pale green walls and dark woodwork. The floor is of cream and brown tiles. A new gas-fired steam heating plant has been installed in the building.
As one enters the front door, the first suite of offices on the right of the central hall will be occupied by County Superintendent of Schools H. L. Blair and his staff.

Will Repair Pennsy Station at Corydon

Corydon, Apr. 2—Another community landmark is soon to undergo changes, according to announcement by the Pennsylvania Railroad Company that it will not make necessary repairs on the present depot but will partially dismantle the structure and reconstruct a smaller building to house local freight and express shipments.
The 70 year old building, operated by three shifts at one period in local history, closed its doors about 20 years ago to community passenger service, thus transferring to Allegheny, N. Y., its one remaining agent and telegraph operator, the late B. M. Stoltz.
Some of the best remembered agents and telegraph operators have been L. J. Archer, C. L. Teeter, John and Carl O'Dell, Archie Schobey, Mr. Stoltz, Harry and Ray Caldwell, Frank Browne, along with scores of others.
The new construction program is expected to take about a month's time for completion and will be under the supervision of Kenneth Schugart. Camp cars, housing the section crew and carpenters, will be located along the railroad tracks while the work is in progress.

Printz Firm Wins Mention In Daily News Record Columns

The eight stores in the Printz Company are described in a recent issue of the Daily News Record, New York, a daily business newspaper for retailers and manufacturers of textiles, domestics, men's and boys' wear.
Naming the firm's stores in Warren, Jamestown, Kane, Oil City, Franklin, Meadville, Youngstown and Warren, Ohio, the News Record says: "A big operation by any standards, Printz has been in business for 65 years, serves an aggregate trading area of well over a million customers."
Pictured in the News Record are: Plummer M. Printz, president; Fred Printz, vice president and advertising director; J. K. Turner, vice president and buyer of men's clothing; E. G. Bautz, manager of the Warren store and buyer of boys' wear; and Ray Naugle, buyer of men's furnishings and sportswear.
The News Record also contains a picture and interesting article about the third annual Youngstown College fashion show conducted by the Printz Company and Sigma Delta Beta fraternity in the college auditorium at Youngstown.

MINIMUM WAGE LAW VIOLATIONS CITED

Wilkes-Barre, Pa., April 2—(AP)—A check by the U. S. Department of Labor showed that 24 per cent of the Pennsylvania firms investigated the last fiscal year had violated the 75-cent hourly minimum wage law and 37 per cent had failed to heed overtime provisions.
William Hargadine, Jr., regional director of the department, yesterday told the golden jubilee convention of the Pennsylvania Federation of Labor that "our investigators were successful in discovering the underpayment of 7,200 individuals as the result of which nearly \$432,000 in illegally withheld wages were restored to their rightful owners."
Hargadine said labor organizations can help police industry for similar violations of existing governmental laws and regulations.

Five Bell Company Employees Honored At Safety Dinner

Five Bell Telephone Company of Pennsylvania employees who have driven company vehicles a total of 800,000 miles without being responsible for a single accident, were honored last night at a special safety dinner meeting in the YWCA.

There were given awards at the annual meeting of the Hundred Thousand Mile Club, Bell organization of men who have driven that distance without being responsible for a single accident. All are veteran members of the safety club.

Joseph H. Scott, of 75 North Fourth street, Clarion, an installer-repairman there, received special award on the completion of 200,000 miles of safe driving.

The other four men honored, who have each completed 150,000 miles of safe driving, were: Quindon E. Beauseigneur, 39 Euclid avenue, Bradford, a lineman; Carl E. Braun, 75 East Main street, Galeton, installer-repairman; Fred Reed, 311 McPherson street, Warren, a lineman, and Hugh W. Thompson, 23 Race street, Bradford, a repairman.

The awards were made by David R. Ingalls, general plant manager of the company, who announced that 1,485 Bell employees have qualified for membership in the safety club since its founding in 1938.

YOUNGSVILLE

Youngsville, April 2—Evangelistic services started yesterday in the Free Methodist church, with the evangelist Rev. Glen Williamson of Waterloo, Iowa. The services are to be held each evening to April 13. There will also be Bible study at 10 a. m. each day.

In the Methodist church next Sunday, Palm Sunday, the morning service will include a baptismal service and the reception of new members into the church. There will also be special music.

The Methodist choir is preparing an Easter cantata, "From Darkness to Light." The father and son banquet held Friday night was well attended, with a fine spirit prevailing through the evening. A nursery is being provided for children during service.

At the Sunday morning service, Rev. C. C. Ross brought a forceful message on the theme, "Crushed by the Crown." There was special music, including a piano solo by Louise Barton.

FIELD QUESTIONED—Frederick Vanderbilt Field, above, alleged left-wing financial "angel" for U.S. Communists, is shown as he testified before the Senate Internal Security Committee. Field, recently released from jail after serving a term for contempt of Congress, appeared for questioning about the Institute of Pacific Relations.

Many Matters Of Interest Reported To Lions Meeting

After enjoying the regular noon luncheon Tuesday at the YWCA activities building members of the Lions Club, who sponsor the Warren County Tuberculosis Society, heard reports given by several of its officers and Nurse Helen Clifford. Officers reporting were President George Frantz and Secretary Homer M. Mohr.

The reports submitted brought to light several facts which should be of public interest, namely that the annual Christmas Seal campaign this year yielded a total contribution of \$11,263, and that plans are under way for the next free chest x-ray campaign to be conducted in Warren.

It was announced that the Mobile X-ray unit will be in town from May 11th to May 24th and into the week following if necessary. It is expected that a record number of pictures will be taken due to the increased interest on

EXIT MAY UNIFY DEMOCRATIC FACTIONS

In announcing his intention not to seek re-election or respond to a draft, President Truman did what most political soothsayers thought he would. He fooled them only on his timing.

Yet, given the desire to retire, there should have been no great surprise in the timing. For the president could not have waited much longer and still hope to have a decisive voice in the selection of his Democratic successor.

We must assume that Mr. Truman does indeed wish to exercise such a voice, even though he has not openly contradicted Frank McKinney, Democratic national chairman, in his statement that the president wants an open convention.

Any chief executive has so compelling an interest in the furtherance of his own programs that he can hardly sit idly by while the inheritors of his power contend for first position. He wants to make sure the "right man" gets the nomination.

Though Mr. Truman has not yet said so, evidence indicates strongly that he regards Gov. Adlai Stevenson of Illinois as that man. These signs have been numerous enough to convince many top Democrats which way the president leans, and already some of these have begun organizing a move to draft the reluctant Stevenson.

A few words from Mr. Truman would make their task easy, but even without them these Democrats will be able to make hay with the declaration that "Truman wants Stevenson." The fact is, the Democratic regulars in congress and elsewhere are predisposed to favor Stevenson.

The Illinois governor is plainly acceptable to all wings and all geographic sections of the Democratic party. This cannot be said of any other candidate now in the field.

That does not mean he is a certainty for the nomination. Senator Kefauver is a serious contender unless and until he begins losing heavily in the many primaries he has entered. To the extent he goes on winning, the July convention in Chicago would indeed be an open affair.

But Kefauver is not as acceptable either to the South or the North as is Stevenson. Senator Russell of Georgia, sure to stay in the race to the finish, has the even greater handicap of full identity with the South, while Senator Kerr of Oklahoma will find it hard to shake off the tag of "rich man pursuing selfish business interests." Against Vice President Barkley is his advanced age.

As Bruce Blossat reminds in an editorial written for NEA Service, it is now fair to say that anything can happen in the next four months. Once a president makes known his intent to drop the reins, he cannot be sure how effective his voice will be thereafter. His control of the situation may prove him far from perfect.

Whatever the future holds, Mr. Truman by his determination not to run has acted to unify the Democratic party as it has not been welded for many years. Assuming that the new Democratic nominee is reasonably acceptable to the South, the party will be able to count upon the loyal support of the southerners in the fall.

With the president as nominee, this would not have been true. The South was showing every sign of breaking lines to back General Eisenhower should he become the Republican nominee. If the nod were to go to Senator Taft, the prospect was for another and larger Dixiecrat defection that might have thrown the election into the House of Representatives.

The Democrats may not get a campaigner now with the same fighting spirit as Mr. Truman. But most observers feel this loss would be more than offset by a re-united Democratic Party. If that unity is in fact gained, the Democrats should be tougher to beat next fall. And that should be the case no matter who the Republicans choose in July.

After the success of last evening's enthusiastic meeting at Trinity Memorial Episcopal church parish house, it is safe to predict another successful season for Warren's Hot Stove League.

Pennsylvania Railroad Company employes have received a forcible reminder that the cost of living is supposed to be dropping - - - even if the wallet remains thin!

No Place to Go but Down

Here And There

A reader of this column who has had, in our opinion, more than his fair share of this world's misfortunes, and well known to many in Warren and surrounding areas, sends us the following contribution, which we are happy to print.

A LITTLE PATCH OF BLUE

Sometimes when the rain keeps fall'n, and the road seems mighty rough, and you just can't help a-thinkin' that this life is mighty tough, just you smile and keep a-lookin'—what I'm tellin' you is true—somewhere peepin' through the rain clouds there a little patch of blue.

Someone has to keep a-smilin' and a-singin', don't you see? For if everyone looked gloomy, what a place this world would be! Sure, you've had a heap of trouble—and I've had some troubles, too, but we'll find, if we keep smilin', the little patch of blue.

Author Unknown
Warren, March 31.

And another reminder that spring is here comes from Wash-

ington, D. C., in the form of the following poem from a subscriber who is perhaps known to some of our readers:

I'VE GOT THE MISERY IN MY BACK

Oh! Me! I've got the misery in my back.
Some folks say 'taint what that is.
What I have got is "roomatiz."

Others say it's plain to see
That I have got "syatizky."

When a neighbor comes to call,
I said she

'Taint what you got at all
The thing you got is called new-ritis.

But Doc Smithers says she's wrong
What pesters you is arthritus.

They can call it fancy names,
But when they pains attack
I know for sure what I have got—
It's the misery in my back.

★ EDSON IN WASHINGTON ★

Opposing Lobby Groups Battle Again Over Immigration Bill

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—A lobby battle of rival pressure groups, for and against passage of a new U. S. code of immigration laws, is now on. Organizations favoring tighter immigration bars have lined up against groups that favor letting more immigrants come into the United States. Both sides are forwarding ammunition to their members and asking them to lay down a barrage on Congress.

At stake are the so-called McCarran-Walter bills now before Congress. They are tremendously complex measures, over 300 pages long, differing slightly on details. The Senate version was introduced by Pat McCarran of Nevada, the House version by Francis E. Walter of Pennsylvania.

While four years of hearings and investigations went into the preparation of these omnibus bills, an attempt is now being made to railroad them through Congress. The idea is to bring them to a vote without further hearings on the final drafts of the bills, which were made public and introduced in Congress only a few weeks ago.

SEN. HERBERT LEHMAN of New York has introduced an opposition bill. It would set up a much more liberal immigration policy, in line with the American melting-pot tradition. Opponents of the Lehman bill say it would let in some 60,000 more immigrants a year than the 154,000 admissible under the McCarran quota system. In support of this Lehman substitute and the position taken by Senator Kefauver are some 20 national organizations. They include the American Bar Association Committee on Aliens, American Civil Liberties Union, American Friends (Quakers) Service Committee, Americans for Democratic Action, Council of Social Action for the Congregational Christian Churches, National Catholic Welfare Council and affiliated organizations, American Jewish Committee and eight other Hebrew organizations and the young Women's Christian Association.

Opposed to these organizations, also with memberships in the millions, are some 20 patriotic societies. This group was organized in Washington March 18 at a meeting held in American Legion headquarters.

The Legion is not listed among the organizations supporting the McCarran-Walter bills. The reason given is that the Legion national convention has not had the opportunity to pass a formal resolution endorsing the proposed legislation.

IN addition to the D. A. R., other organizations in this group are Patriotic Women of America, Sons of the American Revolution, American Coalition, Ladies of the Grand Army of the Republic, Society of the War of 1812, National Sojourners, Wheel of Progress, Disabled American Veterans, Military Order of the Loyal Legion, Service Star Legion, National Society of New England Women, National Society of Descendants of the Ancient and Honorable Artillery Company, and the Japanese-American Citizens League.

This last mentioned is of particular interest. Mike Masaoka was one of the leaders in getting this group together. He is now its treasurer. Because the McCarran-Walter bills remove the old immigration law's Oriental exclusion ban, Masaoka is convinced they are all right. So there he is, the only hyphenated American among all these five-generation or more, 100 per cent American outfits. They think he's wonderful and he thinks vice versa.

Most of the other immigrant groups, however, are over in the other camp. They include Sons of Italy, Polish Legion, Czechoslovak National Council.

This coming fight over the immigration legislation will be the second time these two rival groups have clashed in Washington this year. The first battle was over Universal Military Training.

An unusual situation developed in the editorial rooms of the Times-Mirror Tuesday afternoon about 3:30 o'clock when two rather prominent residents of Clarion county both strolled into the office and neither was aware of the fact that the other was in Warren. Well acquainted and engaged in public activities in the neighboring county you may imagine their surprise when they encountered each other. It all happened when Sheriff Walter "Bus" Mong, of Clarion, called from the office of Sheriff L. E. Lander to say hello and informed us that he was going to drop in for a chat. It was not long before a stranger, who looked like he might be a sheriff, appeared in the doorway of the office. When we greeted him as "sheriff" he corrected us by saying that he was a newspaperman from Clarion, identifying himself as W. C. "Bill" Hearst, of the Clarion Newspapers. It was but a few moments before Clarion county sheriff arrived. They enjoyed the rather odd reunion as much as the office force. We learned during the visit that Editor Hearst publishes both the Clarion Democrat and Clarion Republican, in the same building but edited in different offices, and doing a commendable job. He is a candidate for delegate to the Republican national convention pledged to support Eisenhower for president.

This 'n' That: Still a few cars about today with 1951 license plates including a couple on the Hickory street bridge around seven o'clock. The area was well represented by fans who drove to Buffalo last evening to see the Harlem Globetrotters and the College All-Stars in action. Make it a point to visit the new offices now occupied in the court house annex, and drop into the main building; you'll be surprised at the changes that are taking place. Surprising how much early plowing is under way in the rural districts of the county. Members of the No-Bar Riding Club have set Sunday, June 1, as the date for their annual Horse Show which will be staged at the show grounds near the Columbus Y intersection. Won't be long now until Easter greetings will be replaced with Mothers' Day cards, in observance of the event the second Sunday in May. Local florists report Easter flowers coming along satisfactory with assurance that they'll be at their best by next weekend. Palm Sunday will find the usual large crowds in attendance at all worship services at churches in and around Warren. Florida vacationists are returning in large numbers. Balmey weather of the past few days just about brought an end to the 1952 maple syrup season in Warren. And that reminds the "syrup festival" staged by Boy Scouts and their leaders at Akeley was attended by a "bumper" crowd.

It is believed that official government propaganda was not attempted before World War I by any nation except Germany.

In feudal warfare, much of the effort was devoted to capturing noble fighting men alive so that they might be held for ransom.

Daily Lenten Sermonette

ALAN BAKER, Assembly of God

FROM DESPAIR INTO HOPE

"And there was Mary Magdalene and the other Mary, sitting over against the sepulchre." Matthew 27:61.

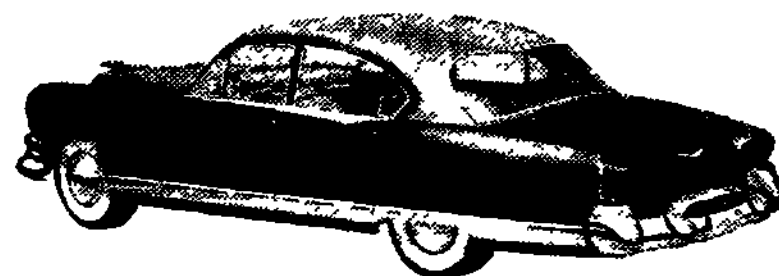

Extreme grief leaves one stupefied. When these two lost their Master they wanted neither to be talked to nor to talk. They did not want a comforter—they did not want someone to make them forget. They were so overwhelmed with their grief that they could do nothing but sit against the wall and reminisce of Him who was gone. Their only thought became "Our Master who promised us life eternal, is dead!"

The Saviour we know as such a blessed reality today would be long since forgotten had He not known Calvary. All that the two Marys saw then was an end, a sorrowful climax to a life which had caused no one sorrow. Today, looking back it is apparent that their supposed end was a beginning, that which brought such extreme sorrow to them has brought the world peace and joy. To be able to see a beginning, or any good, from His death, was as far removed from them as night from day. They wept; they mourned; they left the tomb. They could not be comforted nor soled.

How often we find ourselves in like circumstances. When sorrow strikes, when severe grief seems to take possession of us, we too are prone to sit against a wall. May God give us the ability to learn that there are no victories without warfare, no conquests without battle. Looking back at the two Marys sitting beside the wall we can see no hope, no joy, only the sorrow. Looking beyond them to the eternally victorious Christ, we find hope that will displace all despair, not only for the Easter season but forever! With your faith in the Risen Christ, you can possess this hope which no sorrow will ever erase. "Looking unto Jesus the Author and Finisher of our faith."

Up from the grave He arose
With a mighty triumph o'er His foes,
He arose a victor from the dark domain,
And He lives forever with His saints to reign.
He arose, Hallelujah, Christ arose!

News From The County Agent

Pasture Cheap Feed For Milk Production

Good pasture provides one of the best and cheapest feeds for milk production. In support of this statement, County Agent O. C. Tritt cites a trend toward more grass feeding among dairy farmers of Warren county. In their grass feeding they include grasses and legumes in the forms of pasture, hay, and grass silage.

Improved permanent pastures, and rotation pastures of ladino clover and orchard grass, and also birdfoot trefoil—popular in Warren county and in many other sections—offer a pasture combination that provides an abundance of feed throughout the pasture season.

The county agent reminds that some dry hay always should be fed to cows or yearling heifers on good pasture. The dry hay tends to slow up the pasture grass in going through the digestive tract and lets the animal assimilate more nutrients from the grass. The hay may be fed to the cows in the barn, but a hay rack is more practical for yearling heifers on pasture.

Great strides have been made in the improvement of hay mixtures. Hay reaches a peak when it is highest in feed value but weather conditions are not always right to cut hay at that time. As a result, more and more dairymen have been making grass silage. This allows them to cut hay at the peak of feed value and store it in a form that is available for their cattle.

Few dairymen do not use any preservatives but wilt the hay slightly, cut it fine, yet seem to get a pretty fair silage. More dairymen, however, like to use a preservative such as molasses, corn meal, hominy or ground oats, and many are trying the new preservative sulphur dioxide.

When grass silage is fed, especially in large amounts, the protein in the grain mixture may be lowered, and in some cases the amount of grain per day may be lowered if cows are eating up to 70 or 80 pounds of grass silage per day. Here again, it is advisable to feed a little dry hay with the grass silage to slow it up as it passes through the digestive tract.

Where dairymen do not have grass silage but have a good quality of hay in the mow and feed this hay along with corn silage it is a good practice to limit the corn silage to about 20 to 25 pounds per day for Guernseys and Jerseys and 25 to 30 pounds per day for the larger breeds. This forces the cows to eat more of the good quality hay. Better results are obtained by feeding normal amounts of corn silage and high amounts of hay than are obtained if the corn silage is fed in large amounts with smaller amounts of hay.

GARLAND

Roy Richards is making strides in the construction of his cabin on the Taylor property.

The Youngville High School class of 1948 of which Alice Holmes Hansen recently, deceased, was a member, place in her memory the book "Give Me Your Golden Hand" in the Youngville public library. Alice was the youngest daughter of Mr. and Mrs. Seth Holmes of Garland.

A dinner was held in the community building for the benefit of the school cafeteria.

Doctor Prout was in the village on Thursday calling on parishioners.

Mrs. Merle Sandrock again opened her home for the yearly capsule friend party. Old friends were revealed and new ones chosen and each received a goodbye gift. The evening was spent socially and refreshments were served. This friendly club has been in existence many years in Garland.

A BOY AT CALVARY

By Jay Heavilin and Walt Scott

That Sakron's parents would let him go to Jerusalem to see the outlaw Barabbas was unthinkable. Still he could ask. That night the boy did: "Father, I wish to go to Jerusalem." "You mean a Passover pilgrimage?" Yes, yes, of course, answered Sakron quickly.

In high holiday spirits, Sakron and three friends set out for the golden capital. Entering Bethany, on the outskirts of Jerusalem, the four saw a large crowd around the house of one Simon, the leper.

Though his friends were impatient to reach Jerusalem, Sakron ran to the crowd and learned that a man who could, it was claimed, heal the sick and raise the dead was staying with Simon.

Already the priests of the temple feared the man's following. What would they do when he entered their city for the holidays? Sakron rejoiced. This Jesus of Nazareth might produce excitement.

Caught up in the stream of pilgrims, the four curious boys were swept through Jerusalem's gates. The current deposited them in a marketplace where vendors of shimmery wiles, fragrant spices, sparkling wines and oils, squatted cross-legged.

But where was Barabbas being held? Sakron asked a wrinkled winemaker. "In the palace prison," whispered the vendor. Down Jerusalem's twisting streets sped the boys.

A full-throated clamor swelled out of a side street. Sakron surmised to his curiosity, shouting, "Come, let's look." A procession of soldiers led a white-robed prisoner "Jesus of Nazareth?" cried a voice above the din of the rabble.

A full-throated clamor swelled out of a side street. Sakron surmised to his curiosity, shouting, "Come, let's look." A procession of soldiers led a white-robed prisoner "Jesus of Nazareth?" cried a voice above the din of the rabble.

Best Wishes to First Methodist Church on its 25th Anniversary

Church Family Is Holding Together Event Tonight

tonight's banquet at First Methodist church, one of the events marking the 25th anniversary of the dedication of this beautiful structure, can be said to have a theme, "Informality".

Dinner and the program to follow have been designed by a committee as a get-together of the church family, stressing the church program and continuity, and recognition of those whose efforts have made possible this rich home and its present-day activities.

ing will be at 6:30 o'clock in Founders Hall and it is hoped that facilities will be taxed to the utmost by so many to share in this happy parish event.

W. Knapp, chairman of the anniversary committee, will serve as master of ceremonies for the banquet. Former pastors will speak in a reminiscent vein; short toasts will be given by C. J. Allen.

is one of three survivors of the building committee of 25 years ago, and A. F. Allen, whose efforts toward the church program met with success. Byron Swanwick, who presented the church choir selections; R. Pierson will review the parish history; W. M. Hill will show slides of interest.

Allen, Arthur and Tom, who are prominently in the picture, the first as pastor and his brother as minister of the church. Wayne Furman, another pastor, will be present with to bring greetings from the town District, which he is as superintendent.

read regret has been by news from Erie that Dr. T. Greer, who pastored when the new church was a very ill in Hamot Hospital, will not be present. Mrs. Allen, who is at the family home in Erie.

r familiar figure not in attendance is Dr. E. Bartlett, former minister, but recently retired as head of the Erie District.

ment of sadness in the program will recall only other former pastor in the intervening years E. Allen, deceased.

l of the special guests of the evening are the parish workers: Dr. and Mrs. Found, Toronto, Canada, who 25 years ago in Erie; Miss Carrie C. Kenney, retired mission-ary; Miss Pearl Lund, former missionary in Erie.

there, unable to come for it, are Miss Dorcas Hall, girl and former missionary in India, who has just accepted the post of ex-secretary of the department of education and cultivation, with headquarters in New York; and Miss Martha McBelcourt, N. D., home missionary among the Indians.

ing to the parish in which up as a boy will be Rev. Weaver, Methodist pastor of City, accompanied by his

Pastor—1952

DR. ARTHUR COLLEY
Who is the church family leader as it heads into the second quarter-century in its Market street home and came to Warren in 1950 from Sharon.

April 11, 1927

"The new Warren First Methodist church is an immense structure, but it was not big enough for the crowds that thronged its portals yesterday for the official dedication. Many stood outside in the beautiful Spring sunshine, throughout the service, hearing only the music of the great organ."

That quotation from the Warren Evening Times of Monday, April 11, 1927, is indication of the interest expressed in the new edifice by the community as a whole. The article continues:

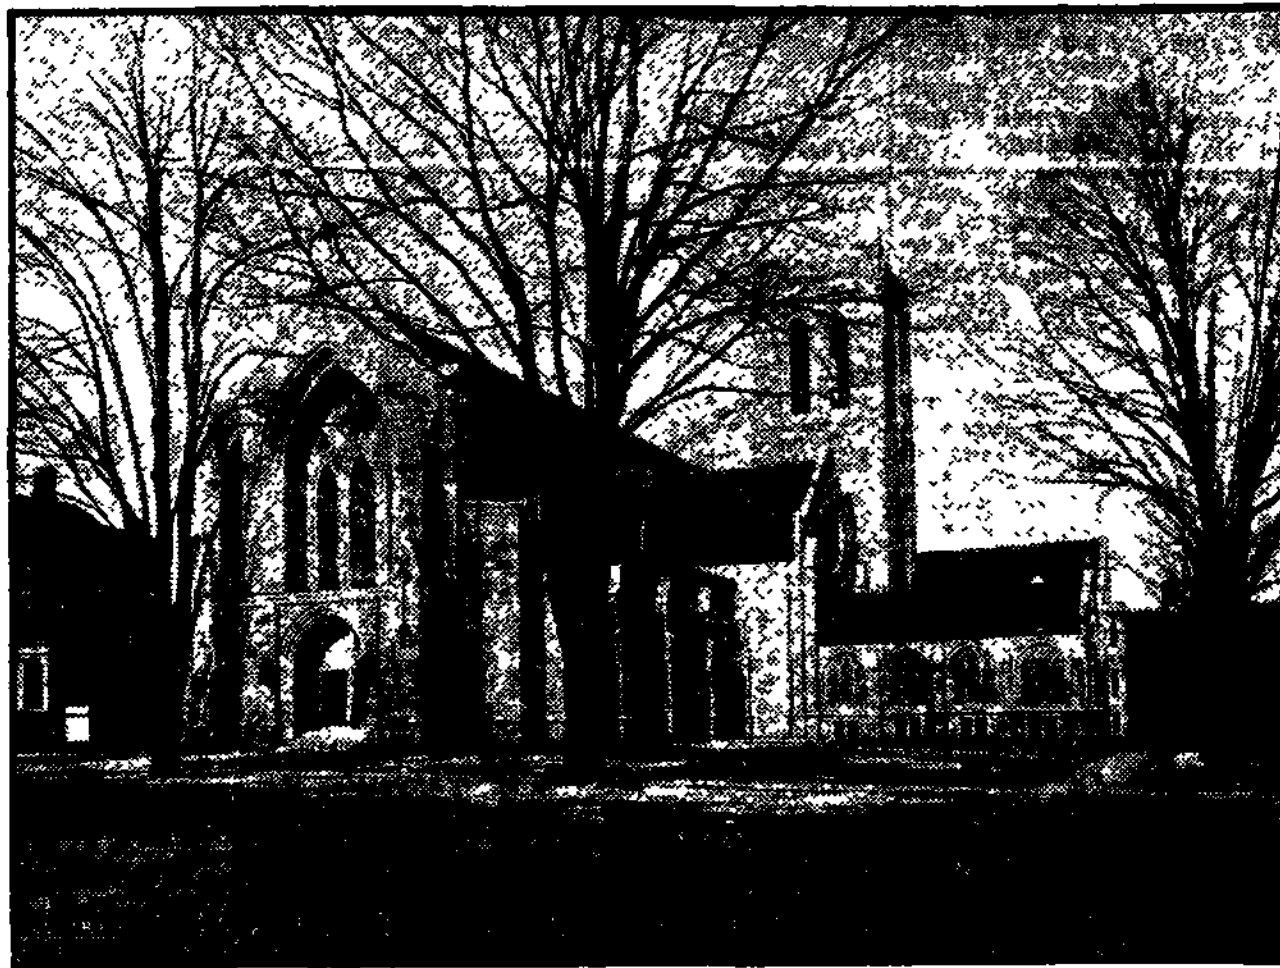

"... one of the most beautiful churches to be found in the United States. Its beauty has won great renown and Warren joins with members of the congregation in being proud of the structure. 'The community that boasts a church like that cannot be other than proud. It typifies, remarkably well, the Christianity of today.'"

Hail—Farewell

In his dedicatory address 25 years ago, April 10, Bishop William F. McDowell expressed his very great "personal joy and satisfaction in this perfect and beautiful church, which is now to be dedicated to the worship and service of Almighty God. It is the kind of church that in itself will help the people commune with God."

Speaking in the West Third avenue church earlier in the day, Bishop Joseph F. Berry expressed the regret felt by all in leaving the old building, coupled with the sense of achievement in entering the new church. He congratulated the pastor, the congregation and the community upon completion of the task, stressing that the new church brought with it both opportunity and responsibility for all Methodists.

Site of Silver Jubilee Activities

Many weeks of careful planning on the part of officials and committees of First Methodist church, Market street and Second avenue, are in the midst of fulfillment as the congregation reaches the second big event in the series of three which comprise its anniversary celebration. The silver jubilee of the church's dedication began on Monday with the very successful musicale sponsored by the Youth Fellowship; reaches the half-way mark this evening in a banquet and informal program, and will conclude next Sunday, when Bishop Lloyd C. Wickes will come from Pittsburgh to preach the anniversary sermon. In looking back to the services of dedication, April 10-11, 1927, the words of its pastor, Dr. Charles T. Greer, are recalled in the following "Foreword" which he composed for the beautiful dedicatory booklet.

The building of a church is a matter of the orderly arrangement of wood, stone, and other building materials into the harmonious beauty of a churchly edifice. And from that viewpoint the story of our new church can be told by the list of materials which have entered into its construction. It reads something like this:

- | | |
|-------------------------------|---|
| 20 carloads of brick | 3 carloads of millwork |
| 24 carloads of cast stone | 1 carload of slate |
| 5 carloads of hollow building | 1 carload of slag roofing, copper, etc. |
| 2 carloads of lime | 6 carloads of plaster, gypsum parts |
| 15 carloads of cement | 1 carload of flooring tile |
| 5 carloads of lumber | 1 carload of rubberstone flooring |
| 70 tons of steel | 1 carload of pews |
| 1150 tons of gravel | 1 carload of church furniture |
| 1100 tons of sand | 2 carloads of organ parts |
| 5000 tons of stone | 1 carload of kitchen equipment |
| 5000 square feet of glass | 1 carload of other furnishings |

50 years of one man's labor

The story of the building of a church is in the record of the money which has been expended in the attainment of the plans and in the realization of ideals. And here one learns of the sacrifice and devotion that make possible these perpetual prophets of the ideals that are ever calling the attention of men away from things as they are to things they ought to be. Thus told, we have the sum of \$450,000. This represents the approximate cost of the building, equipment, and site.

But the whole story of the building of a House of God includes factors other than these two things. There is the faith that those who have planned and labored and given have in the future. Judged by what we have done ours are great hopes for the

tomorrow. Then there are the prayers and sacrifices and the labors of those who organized and of those who through the years have built the congregation. The privileges and blessings and opportunities that are ours strike their roots deeply into the labors of those of yesterday.

And in this foreword to our dedicatory program we pay tribute to the memory and devotion of the fathers and mothers of Methodism in Warren.

If we are not in a time of revival of religion, we are in a time of revival of interest in religion that probably is the forerunner of a great religious awakening. Religion is a commanding theme in the world today. What of the future of the First Church? Remembering our past, we will not

dare to pass on to our successors any less evidence of real devotion to the cause of Christ.

Retired

Dr. William E. Bartlett served the church from 1936 to 1938, succeeding Dr. Clarence Allen, and has been retired for the past several years. Only recently, because of illness of the Brookline District Superintendent, he has been recalled to active duty in that post.

Pastor—1927

DR. CHARLES T. GREER
Who served as pastor from 1923 to 1932, went from here to Erie and then to Jamestown as district head. Since retirement, he has made his home in Erie.

Absent

DR. CLARENCE E. ALLEN
Who came to Warren from Erie in 1932, trading parishes with Dr. Greer, and remained until 1936. He is the only one of the 25-year pastors not living today.

Resume of the Dedication

The week of April 10-17, 1927, was a happy one for members of the First Methodist Episcopal church of Warren and, indeed, for the entire community, since it brought to both the beautiful native stone structure which stands at the corner of Market street and Second avenue.

Bishop William F. McDowell, Bishop Joseph F. Berry and Dr. Austin J. Rinker were chief among the denomination's dignitaries who had a part in dedication of the new church home, erected at a cost of approximately \$500,000.

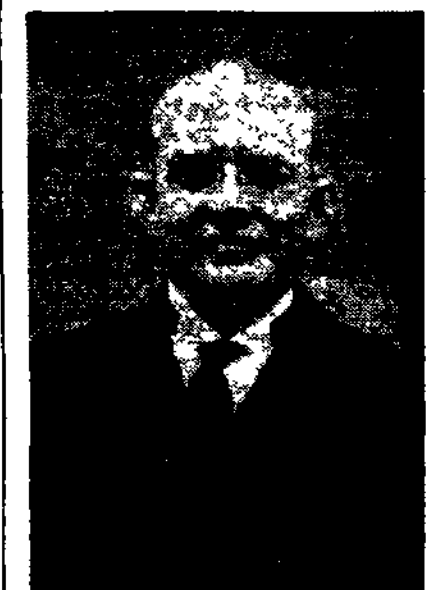

The dedicatory services that Sunday really began at 10:45 a. m. in the old church home in West Third avenue, later acquired by the First Evangelical denomination and now known as the First Evangelical United Brethren church. Bishop Berry preached the "farewell" sermon, Rev. Rinker read the Scripture lesson, Bishop McDowell offered prayer, and the pastor, Dr. Charles T. Greer, pronounced the benediction.

At three in the afternoon, the service of dedication was held in the new church, Dr. Rinker reading the Scripture, Bishop Berry having the prayer, Bishop McDowell preaching the sermon. W. F. Bennett, chairman of the building committee, presented the structure to Dr. Greer, who led the dedicatory sentences. The Rev. Harold Stoddard, pastor of First Baptist church and secretary of the Warren County Ministerial Association, extended his felicitations in the form of a prayer "that the church be ever for the glory of God and the inspiration of the people."

Concluding the day's events, Mrs. Charlotte Hall Lohmes and Milton H. Mettee presented an organ and chimes concert from 6:30 until 7:30 p. m.

Since the dedicatory services coincided with the observance of Holy Week that year, additional hundreds of residents of the community were given opportunity to view the new church through daily union services conducted by 15 congregations representing 10 different denominations.

Other events of the week included dedication of the Beauty Memorial Organ and a concert; dedication of the Hunkley Memorial Chimes, a historical address and unveiling of the commemorative tablets; dedication of the building to the service of world fellowship; a silent communion service; and the dedication of the building to the work of religious education.

DISTRICT HEAD—Dr. Thomas E. Colley, brother of Pastor Arthur, and minister of First church from 1938 to 1943; now superintendent of the Meadville District, with headquarters in Erie.

Trucks Tougher on Pocketbook Than on Your Temper; Road Tests Show They Do Big Damage to Highways

Big Splash and What It Does to Roads

"TIPPING" made this big splash on Maryland test highway, where and subsoil spurt as rear wheels of truck pass over spot. For damage pumping causes, see photos below.

By WADE JONES
NEA Staff Correspondent

Washington—(NEA)—Those giant trucks which either roar past you at 65 miles an hour, or slow you to a crawl on the hills, are even harder on your pocketbook than on your disposition.

That conclusion can be drawn from the most thorough and scientific highway-use test of its kind ever conducted in this country, though its final results have not yet been made public.

The tests were completed last year over a measured mile of Maryland road under direction of the Highway Research Board of the National Academy of Sciences. Cooperating were the U. S. Bureau of Public Roads and highway departments of 11 states and the District of Columbia.

A principal question was: Do big trucks cause big damage? The answer was yes—an appalling amount.

For instance, on a truck with a single rear axle, a 22,400-pound load causes six times as much pavement cracking as does an 18,000-pound load.

On trucks with tandem axles (two rear axles and at least four rear wheels) a 44,800-pound load causes more than 12 times as much cracking as does a 32,000-pound load.

What does this mean in terms of the road-building dollars which come out of your pocket as a taxpayer?

An answer comes from the American Road Builders' Association. It reports that last year highway construction costs in the eight states permitting axle loads of 22,

000 pounds or more averaged \$197,000 per mile.

The figure compares with only \$25,400 per mile in the 40 states with lower axle limits.

A comparable cost ratio is found for road maintenance and repair.

A joint committee of Congress reveals that cost of correcting highway deficiencies last year averaged \$123,875 per mile in the eight higher limit states.

These figures show only a \$33,300 per mile average for correcting deficiencies in the 40 states with lower limits.

The Pennsylvania Highway Commission says maintenance costs on a section of U. S. Route 11 which is used by heavy trucks are 18 times more than maintenance costs on another section of the same highway stretch used primarily by passenger cars.

The New Jersey Commission on State Tax Policy broke down the state's 1949 highway payments of \$59,468,000 to see how much each type of vehicle paid on the basis of ton miles traveled.

The Commission found that each passenger car overpaid \$6.29, while each 12-ton truck underpaid \$263.79.

All of this has led to some pretty sharp comment by official agencies investigating the cost of big truck operation to the taxpayer.

The Council of State Governments, reporting on highway legislation in 1951, was a little milder but considerably more compre-

hensive.

"In many states," the Council reported, "the share of highway costs borne by heavy vehicles has not been in proportion to their use of the highways."

Of paramount importance in the whole subject of truck damage to highways is the matter of overloading — weights heavier than the states' maximums.

Independent truckers staged a brief and futile strike in mid-March against Pennsylvania's 45,000-pound gross weight limit for trucks. They wanted the limit raised to 60,000 pounds.

What kind of highway damage will the truck do that was stopped by Pennsylvania police two years ago? It weighed 130,000 pounds—almost 86,000 pounds over the Pennsylvania limit.

Pennsylvania state police stopped more than 800 trucks in 1950 which weighed from 75,000 to 100,000 pounds.

In Pennsylvania in 1949 more than 12 per cent of all trucks weighed at police check points were overloaded. Oregon caught 14,754 overloaded that year, and Illinois a whopping 32,315.

Last October, a Maryland judge fined a trucker \$1866 for hauling a 51,000-pound load over a bridge whose posted limit was 20,000 pounds.

Another Maryland judge, at about the same time, fined a trucking company \$1001 because one of its drivers refused to permit his truck to be weighed.

Of interest in the matter of top loads is this report from the six-months Maryland test:

Testing of the 44,800-pound tandems was discontinued after less than four months because the pavement of the test section "had been damaged to such an extent that further operation of test traffic was considered to be hazardous."

Truckers said the test road was not in good condition to start with. But test proponents replied it represented an average stretch of road and had been selected for that reason.

The Maryland test even showed recommendations of the American Association of State Highway Officials to be out of line on one point.

The Association had suggested 32,000-pounds as the maximum for tandems in the belief it caused approximately the same road damage as the 18,000-pound single-axle load.

The Maryland test showed that a tandem load of 24,000 pounds, rather than 32,000 pounds, corresponds to the 18,000-pound single-axle standard.

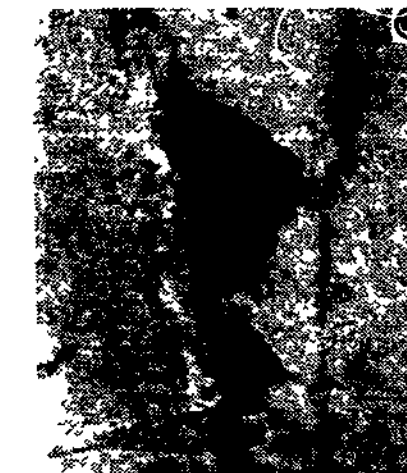

But here's one happy thing to remember the next time a big truck nearly sucks you up its exhaust pipe as it whooshes past.

Fast trucks, to the surprise of nearly everyone at the Maryland tests, cause less damage to roads than slow trucks.

Twenty per cent less stress was caused by trucks going 40 miles an hour than by those just creeping along.

ROLLING day and night over Maryland test highway, trucks like these provided answers for research engineers.

CRATERS like this along shoulder of highways are result of pumping, which causes a hollow condition under pavement.

CRACK in concrete slab is also result of pumping. This slab was barren of cracks when the Maryland road test started.

**Bluegrass Harvest Method
Unlike Other Field Seeds**

Tractor Pulling a Gang of Bluegrass Strippers.

The urban or suburban home owner having a bluegrass lawn, the city park superintendent who buys seed for our beautiful city parks and the farmer who includes bluegrass in his pasture mixtures know the value of Kentucky bluegrass as a lawn or pasture grass but very little about the source of the seed used.

The early establishment of bluegrass in Kentucky and its adaptation to limestone regions naturally made that State the first source of seed supplies and gave the present well-known United States name to a grass introduced from Europe. Later, Missouri came into production of Kentucky bluegrass seed and this area has gradually extended northward and westward so that it now includes parts of Kansas, Iowa, Nebraska, South Dakota, North Dakota, Minnesota, Wisconsin, and Illinois and is known as the Western District. In recent years this district has produced seven or eight times as much bluegrass seed as is produced in the older area of Kentucky, Indiana, and Ohio.

Bluegrass seed is stripped by the seed contractor as soon as the head has turned yellow or brown and the seed is firm. The stripping season usually lasts less than two or three weeks in any State or general area. The height of the season in Kentucky and Missouri is usually reached during the second or third week in June when a large percentage of the total crop of these States is harvested.

Most of the stripping is done with machines known as strippers or headers usually pulled by tractors. As the seed is stripped the seed heads are thrown beneath and behind the revolving frame or cylinder of the stripping machine into

**Hal Boyle Discusses Question Whether
Or Not the Stork Should Be Grounded**

BY HAL BOYLE

New York—(P)—Some people don't have enough worries in their own lifetime. So they worry about what kind of world their sons or grandsons will have to face.

Among these knights of the wrinkled brow one of the favorite frets is a fear that the earth will become overpopulated.

This was a phobia in certain circles long before Daniel Boone moved west because he felt cramped whenever neighbors moved within 40 miles of his cabin.

And today they can summon up a lot of statistics to bolster their contention that the stork ought to be grounded for too much overtime flying.

For example, they say, the big bird is delivering about 220,000 squalling little bundles every day throughout the world. Subtracting the people who give up the mortal struggle for one reason or another, the sun rises every morning on 75,000 more living human beings than it did the day before.

This is true even on cloudy mornings. The U. S. population is growing at the rate of more than four persons a minute, 250 an hour, 6,000 a day.

United Nations officials say the same situation exists internationally. They say the world's population—some 2,400,000,000 in 1950—is increasing 22,000,000 annually.

By 1975 the U. S. Census Bureau figures the American population, now over 155,000,000, will exceed 200,000,000. And that means, says the U. S. Department of Agriculture, that in 1975 there will be a fifth dinner plate set at every table where four people now sit.

Yes, for every four pounds of meat, four quarts of milk, and every four eggs we now produce, the American family will need another pound, another quart, and another egg—so that fifth person won't have to go hungry.

That will require 10,000,000 more cattle, 20,000,000 more hogs, 3,333,000 more sheep and lambs, 37,000,000 more laying hens and 6,000,000 more milk cows—unless the present hens and cows can be talked into giving a little more for posterity.

Can the U. S. economy be geared up to meet that strain? Some alarmists say no—that our precious soil and other natural resources are already being wasted too fast as it is. Some of these soothsayers of disaster even believe only a terrible third World War or a fat plague will enable the teeming earth to solve the problem of "overpopulation."

But many scientists think the world is on the threshold of greater plenty rather than greater hunger. They feel that the world-

ers of chemical agriculture, new techniques of spurring plant and animal growth, better methods of preserving and storing food will mean fewer empty bellies rather than more.

It is the old battle of faith and doubt. My belief goes on the side of the test tube warriors, who have already done much to make the good earth better.

The globe is shrinking, but science is justifying the homely philosophy that guides many large families—"there's always enough to feed one more."

In any case, who is going to ground that stork? The cynic may bemoan the population growth. The wise man goes into the diaper business.

"Proletariat" is derived from a Latin word which referred to lower class people thought of as being valuable to the state only because they had children.

**TIMELY NEWS
FOR VETERANS****QUESTIONS AND ANSWERS**

Q.—I am an ex-WAC, going to school full time under the GI Bill. I'm married and have a child. Would I be eligible for the \$120-a-month subsistence for veterans with more than one dependent (my husband and child)?

A.—No. You may, however, be eligible for the \$105 rate paid to veteran-trainees with one dependent—that dependent being your child.

Q.—How do I go about finding a lender who will lend me money under the GI Bill?

A.—Information as to who makes GI farm loans may be obtained usually from the County Agricultural Extension Agent. Information concerning home and business loans may be had from

your local Chamber of Commerce, or by inquiring at banks, savings and loan associations, mortgage and insurance companies, and other public and private lending agencies.

Q.—I have a service-connected dental condition, and was fitted with bridgework several years ago through VA's outpatient dental program. The bridgework seems to be wearing out. May I have it replaced?

A.—Yes. Bridgework which becomes unserviceable through legitimate wear and deterioration may be replaced, provided your dental condition is still shown to be service-connected.

Q.—I surrendered by NSLI permanent policy for cash when I went back into military service. I expect to get out soon, and I'd like to know what I must do to regain my insurance protection.

A.—You may either (1) Apply to VA in Washington, D. C., for a new permanent policy on the same plan and not in excess of the amount surrendered for cash, and pay the required premium, or (2) reinstate your surrendered permanent plan by paying the required reserve and the premium for the current month. In either case you must act within 120 days following your separation from active service. Physical examination is not necessary.

Congressman Charges Labor Board Stacked Under Influence of Unions

(From Page One)

appointed to act solely in the interest of the public, is beholden to union bosses for part of his income.

Consequently, was it not a foregone conclusion that this board, stacked as it was, would vote as it did 8 to 4, for the biggest single wage raise in industrial history? It is all the more outrageous that they took advantage of their country while at war. They tried to use the power of your office to force upon the public an additional spiral of inflation. They have done this deliberately in spite of the fact that under the old escalator clauses in the automobile industry a declining cost of living indicates a wage reduction of 2 to 3 cents an hour as of April 15.

Mr. President, many of my constituents believe that you have been let down again by your advisors.

CIO Secretary-Treasurer McDonald only Thursday boasted publicly that the steelworkers in this dispute are in a "particularly fortunate position" because they have a "rather friendly gentleman" in the White House."

As one member of the House Labor Committee, may I remind you of the fact that when you first appointed the Wage Stabilization Board with Mr. Taylor as Chairman, Before the Labor Committee, Taylor testified that the board would not presume to have legal authority to settle wage disputes or to force the acceptance of the closed shop or the union shop. Now, the Board has attempted to do just that.

Now, Mr. President, we believe the Wage Stabilization Board should be abolished as illegal and a recommendation in the steel case ignored as a fraud on the public. Such a move would also return wage negotiations to the democratic bargaining table of industry and labor as provided by law.

If you follow the procedure of the existing Taft-Hartley Act, you can appoint a new Board of industry to report to you whether or not the National Safety is in danger from a threatened steel strike. If they find that it is, you may apply for an injunction which will be good for 80 days. In the meantime, management and labor are required under the law to proceed in good faith to arrive at a settlement. If it fails, the law requires a vote of all workers before a strike. At present the Wage Stabilization Board, completely dominated by CIO, has substituted itself for the law. Freedom is suspended.

On the merits of the steel dispute, you and the people generally have had the most fraudulent misrepresentations practiced upon you. It is common conversation in Washington, as well as throughout informed circles in the rest of the country, that 8 or 9 cents is the maximum raise under present price and wage rules that could be granted. Management has agreed to this. Under any honest appraisal of what the steelworkers ought to have, 8 or 9 cents would bring them in line with wage rates for automobile, rubber, electrical, copper and other such industries which have been cited as the examples of fair wage rates for steelworkers.

If a fair settlement is declined after collective bargaining is restored under the law, I believe the people are ready to invest in the cost of a strike rather than to be taken over by a CIO dictator. He practices the same rough, tough, compulsions, threats and intimidation of foreign dictators. The people see Green, Murray, and other such piously anti-communist union leaders prompted by excessive greed, taking advantage of the Russian fear crisis and actually playing, unintentionally we hope, Russia's game by striking or threatening to strike in atomic, aircraft, electric, steel and armament plants engaged in our defense work. Their guilt is evidenced by the fact that these men do not call similar strikes or create disturbances of similar magnitude in other plants such as textile, agricultural implements, household items, automobiles, and other non-critical industries.

Mr. President, now would be a very good time, with the war slackening up in Korea, to call their bluff and let the union bosses strike if they persist in their course. If they should succeed in the exercise of the lawless conduct described to exploit the public, the cost would be much more than the cost of a strike.

Yours very truly,
Ralph W. Gwinn, M. C.

United and Emblem Employees Hear Companies' Future Plans

With over 225 in attendance, a combined meeting of United Refining Company and Emblem Oil Company employees was held at the Marconi Outing club, Tuesday night. The purpose of the meeting, which was preceded by a fine dinner, was to acquaint the workers with the companies' plans for expansion, to show what is being done and what will be done in the future in improving present stations and building new ones, also to acquaint the workers with the advertising program and give them a preview of advertising plans for the future.

H. A. Logan, Jr., vice president of United, acted in the capacity of toastmaster and welcomed the employees. The presentation of the

OBITUARIES

EMMA O. MCINTYRE
Funeral services for Mrs. Emma O. McIntyre, wife of Wesley McIntyre of Pittsfield, will be held at 2 p. m. Friday in the Evangelical United Brethren church at Pittsfield. Burial will be in Pittsfield cemetery.

Mrs. McIntyre died late Monday at the home of a daughter, Mrs. Edward Mulvey, Youngsville.

Friends will be received at the Young Funeral Home, Youngsville, until Friday noon.

SELMA SWANSON LARSON
Final rites were held at the Templeton Funeral Home at 2:00 p. m. Tuesday for Mrs. Selma Swanson Larson, 435 Prospect street, who died Friday. The Rev. Nore Gustafson, pastor of St. Paul's Lutheran church, conducted the service and the following served as bearers for interment in Oakland cemetery: Minor Snarburg, Earl Strom, Oscar Larson, William Larson, Leo Gleese, and Carl Danielson.

Attending from away were Mr. and Mrs. Richard Fox and son, Rochester, N. Y.; Lt. John Larson, home on leave from Okinawa; Mrs. Marie Danielson, Mrs. Peterson, Jamestown, N. Y.

ALANSON THOMPSON
Alanson Thompson, Venturatown, died at his home at 7:30 p. m. Tuesday, having been in poor health for the past several years. He was born at Cherry Creek, N. Y., on October 14, 1881, and had been a resident of this community for the past 36 years. He was employed by the Walker Creamery Products Company for the past three years.

Surviving are his wife, Fay Hickey Thompson; one son, Albert A. Thompson, Yonkers, N. Y.; and two grandchildren.

Removal has been made to the Lutz-VerMylye Funeral Home, where friends will be received after 2:00 p. m. Thursday. Services will be held there at 2:00 p. m. Friday, the Rev. Robert C. Knapp, pastor of North Warren Presbyterian church, officiating and interment following in Pine Grove cemetery at Russell.

WILLIAM DOWNEY
William Downey, well known resident of 67 Main street, Tidouite, passed away at his home at midnight Tuesday, following a stroke which he suffered only a short time ago. Born at Fagundus on July 21, 1875, he came to Tidouite 32 years ago and was a drilling contractor in the oil fields of that vicinity until his retirement four years ago.

Surviving him are two sons, Gordon and Guy, both of Tidouite; four daughters, Mrs. Grace McKown, Mrs. Hazel Fuellhart, both of Tidouite; Miss Helen Downey, at home, and Mrs. Gertrude Babcock, North Warren; also one brother, Charles, of Pleasantville; four sisters, Mrs. Nellie Baker, North East; Mrs. Julia McGraw, Elizabeth Tipton, all of Tidouite; 13 grandchildren and one great-grandchild, several cousins, nieces and nephews. His wife, Pearl, preceded him in death in March, 1940.

Friends will be received at the family home after eight o'clock this evening and services will be held there at 2:30 p. m. Friday. Interment will follow in the family plot in Tidouite cemetery. (Titusville Herald please copy).

THEODORE J. JOHNSON
Theodore J. Johnson, resident of Smith Corners in Glade township, died shortly after 10:00 p. m. Tuesday in Warren General Hospital where he had been a patient since March 25.

Born on Lanning Hill in Farmington township on April 2, 1865, he was the son of Magnus Peter Johnson and Christina Margretta Jones Johnson, and is the last of 12 children of that family. Known to his many friends as "Theodore", Mr. Johnson had been in the lumbering business with his brother-in-law, Worth Stanford, at Scandia and Hemlock and had a mill of his own at Smith Corners.

He is survived by one daughter and five sons, Mrs. Rudolph Peterson and Chase Johnson, Warren, RD.; Lee, in New Orleans, La.; Ralph, of Warren; Jerrold, Russell, RD.; and Elmo, Clarendon, RD. He was preceded in death on August 17, 1944, by his wife, Ina Della Peck, of Lander, to whom he was married September 28, 1891; also by three children, Hazel Martin, Mae and Albert Johnson.

Removal has been made to the Lutz-VerMylye Funeral Home, where friends will be received at the regular calling hours, starting at 2:00 p. m. Thursday, and where services will be held at 2:00 p. m. Saturday. The Rev. Roger Morey, pastor of Bethel Evangelical United Brethren church, will officiate and interment will be made in Foster cemetery at Lander.

ROY FREEBOROUGH
Roy Freeborough, son of Mr. and Mrs. R. M. Freeborough, died at the home of his parents in Fourth street, Youngsville, this afternoon about one o'clock after a lingering illness. Removal was made to the Young Funeral Home. Plans for the services will be announced later.

MRS. VIOLET HARRINGTON
Mrs. Violet Harrington, wife of Silas Harrington of Pittsfield, died early this morning at the McCoy Funeral Home, Pittsfield.

She was born in Tidouite, December 12, 1877, and attended school at St. Mary's Convent, St. Marys, Pa. After finishing school she returned to Tidouite and was married September 22, 1908, to Silas Harrington. Mrs. Harrington lived all her life in Pittsfield and Garland.

Mrs. Harrington was preceded in death by a son, William, who was killed in action in 1944 serving in the South Pacific. She is survived by her husband, Silas, at home, and by two grandchildren, Donald William Harrington and Jeanette Harrington, both of Erie.

She was a member of the Women's Auxiliary of the VFW at Youngsville.

Removal has been made to the Bracken-Keating Funeral Home in Corry where friends may call until noon on Friday when the remains will be taken to the Episcopal church in Youngsville where services will be held at 2 p. m. Friday by Rev. William Chamberlain, rector. Commitment will be in the Methodist cemetery at Garland.

How You May Regain Strength, Pep and Energy—

When Winter Colds or Illness Has Left You Weak—Shaky—Run-Down

Naturally and without any false stimulation you feel the benefits of "FERRIZAN." Right away it goes to work giving you plenty of iron for richer redder blood—your daily requirement of iodine for the ductless glands and a generous supply of the all-important B vitamins.

Men and women who, as a result of winter colds or sickness, feel run-down, shaky, all tired-out most of the time, should try FERRIZAN for 30 days and see for themselves just how good it is—what it can do to give them a real lift.

"Take FERRIZAN for 30 days on our absolute guarantee to refund the purchase price to any dissatisfied user. Mullen Drug Co.

The word "priest" is a contracted form of "presbyter."

Oakland Cemetery Association Holds Annual Election

At the annual meeting of Oakland Cemetery held Tuesday evening in connection with the weekly session of Warren Lodge No. 339, IOOF, in Odd Fellows Hall, Howard and VanOrsdale, was elected a member of the board of trustees succeeding Howard Kincaid, who has served in that capacity for a number of years.

In addition to election of a trustee, reports were submitted by President H. J. Sandblade, and the auditor, Nelson E. Woodward, public accountant of Jamestown, N. Y.

The report of the president revealed that there were 155 interments in the cemetery during the past year, and the tent was used forty times. The board reported that a new section in the southeastern part of the cemetery was graded and seeded since last year and made ready for opening in the near future, when lots will be laid out. The purchase of considerable new equipment was also reported.

The auditor's report revealed that the sum of \$218,869 in the perpetual care endowment fund is invested in first mortgage loans and United States bonds. The income from this fund is used for upkeep of lots in perpetual care.

Members of the board, in addition to Mr. VanOrsdale, are: H. J. Sandblade, president; Ray Farnsworth, vice president; Grover Lind, treasurer, and Milton Witz. The board will meet next Monday evening at the cemetery office to reorganize.

During the regular lodge session the second degree was exemplified for a class of candidates brought to the meeting by Sugar Grove lodge.

Times Topics

BOARD MEETING
The annual meeting of the Struthers Wells Corporation was held yesterday in Baltimore, Md. The directors elected there will meet in Titusville today to elect officers.

MARCH ACCIDENTS
Eleven motor vehicle accidents were reported in Warren during March. In these, police said three persons were injured, one pedestrian injured, and an estimated \$4,690 in property damage caused.

SQUAB FOR SUPPER?
Pete Massa, genial janitor at the Court House, may enjoy squab for supper this evening. Pete threw a flying tackle and caught a pigeon on the roof of the structure this morning. All hands are agreed that the birds are pretty but a great nuisance.

DIVORCES GRANTED
Judge Allison D. Wade yesterday granted two divorces in the first of a two-day session of divorce court. The decrees were as follows: James Bariss vs. Sonja Bariss; and Ivan W. Porter vs. Marjorie Winifred Porter. Four more cases are on the docket today.

CLASS IS HONORED
The 32 members of the fourth grade of the Johnson school, taught by Miss Clementine Weaver, were honored with a party Tuesday morning in recognition of the fact that the class is again 100 per cent in the project of dental correction. Ice cream and cake were served and the children were entertained with games.

SPAGHETTI DINNER
The committee in charge of the spaghetti dinner to be sponsored by St. Joseph's parish, April 15, had a good attendance at a short meeting held on Sunday. The next committee meeting will be held at 8:30 p. m., Thursday, in St. Joseph's hall when all are urged to attend as this will be the last meeting prior to the serving of the dinner on April 15.

ARNOLD SAYS STEEL Strike Unavoidable

(From Page One)

Arnold gave every indication of standing fast against giving the steel industry any special price consideration. He said his policy continues to be that "any industry will get what it's entitled to—and no more."

Arnold, head of the Office of Price Stabilization, evidently had President Truman's backing in holding the price line. Charles E. Wilson quit as defense mobilization chief last week and because he said Truman wouldn't go along on a Wilson-suggested steel price increase.

The word "profiteer" first came to be used in England during World War I and was given official sanction in an act of parliament in 1919.

TONESTA WOMAN HURT
Mrs. Clyde Blum of Tionesta is in critical condition in the Oil City hospital with injuries sustained in an accident Monday afternoon in front of her home, according to the Tionesta state police. Mrs. Blum stepped from her car on the right side, and walked around the vehicle into the path of an oncoming car driven by Clarence Mealy of RD 1, Tionesta, the police say. It was raining at the time of the accident and Mealy said he could not stop his car in time to avoid the accident, police reported. The mishap occurred on Route 36 one mile south of Tionesta. Her injuries include a possible fractured skull and shock.

WAKE UP To More Comfort

Without Napping Backache

Margaret Kachy, loss of pep and energy, headaches and dizziness may be due to slow down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause seating up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help that millions of busy men and women flush out waste. Get Doan's Pills today!

HUNGARIAN AUTHOR OF 'CAROUSEL' DIES

New York, April 2—P—Author Ferenc Molnar, 74, whose "Lilom" became a theatrical classic, died yesterday after a long illness.

The Hungarian-born Molnar, who came to the U. S. in 1940 as a refugee, wrote his first play, "The Devil," in 1907. He started his literary career as a newspaperman and novelist.

"Lilom," his best-known work, was filmed by Hollywood and in 1946 was produced as a hit musical play under the title, "Carousel."

Others of his better-known works are "The Red Mill" and "The Guardsman."

PICTURE NEWS

AROUND THE WORLD

TAPPING FOR SAP—David Lamb, right, drills a new hole as Edward Lapine adjusts a bucket to a maple tree in Hartland, Vt. The men were on a 150-tree tapping chore as the Vermont maple syrup season got under way. About 30 barrels of sap are needed to make one barrel of syrup.

LIGHTING THE SKY—By battling a roaring five-alarm fire which destroyed a five-story brick warehouse at Fifth Avenue and 14th Street in New York, firemen brought it under control five hours after the first alarm. The blaze caused damage estimated at more than \$600,000. The building had been used by a clothing company to store its wearing apparel.

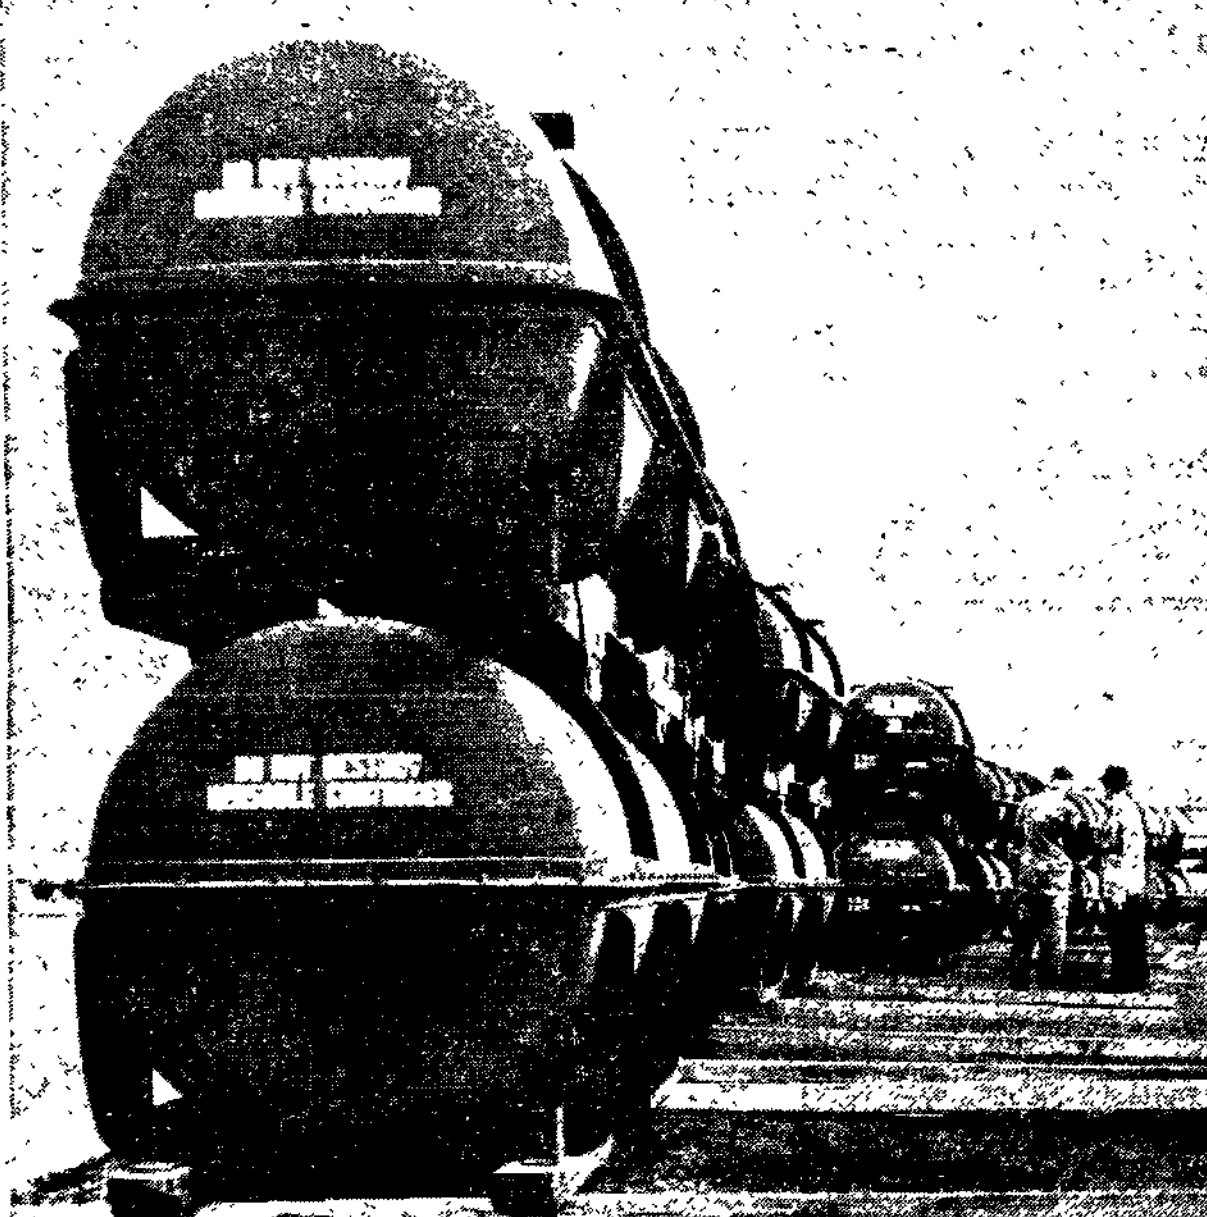

SPRINGTIME IN PARIS

IT'S FOR EVERYONE—Gardens in France are coming to life and three small Parisians are enjoying the warm sunshine in the garden of the Palais Royal, upper left. Others, right, have found something of down-to-earth interest in the Luxembourg Gardens. Two sailors loll on the deck of their tug in the Seine near the Austerlitz Bridge, lower left, while art student Sonja Roger dashes off a quick sketch of William Boertz along Montmartre's colorful Place du Tertre, right. It's Spring and everyone's looking forward to April in Paris.

NEW LIGHTS IN OLD CITY—Cast iron lamp posts have been added to Piazza Pio XII, facing famous St. Peter's Square in Rome, Italy. After the old Borgo quarter had been demolished and new Vatican palaces built in front of the Basilica on the opposite side of the square, some lights were needed to complete the effect. The new posts, with their old-fashioned cast iron light chambers, are about 30 feet high.

CANNED POWER—Steel cylinders containing aircraft jet engines await shipment in Lockland, O., jet center for the U. S. Air Force. The containers were designed to protect the turbojet against shocks and moisture in transit and are non-sinkable. When recent ceremonies marked the 10th anniversary of the aircraft gas turbine industry in this country, the 10,145th jet engine was delivered to the Air Force by the General Electric Company.

EVERY DAY—Egyptian dancer Samia Gamal is showing in her New York apartment what she does every day. A story was printed that Samia took only two baths a week and kept her skin in condition by rubbing it with olive oil. But the Texas millionaire's bride says "Tain't so."

BOOK INTO PLAY—A last minute rehearsal was held in New York prior to the opening of "The Grass Harp," a play fashioned by author Truman Capote from his novel. Director Robert Lewis, back to camera, is instructing Georgia Burke, left to right, Johnny Stewart and Mildred Natwick in a bit of stage business.

READY FOR THE TAKE-OFF—Although they are not yet on the track of a fox, these horses, hounds and riders present an unusual street scene in Dundonald, Ayshire, England. The redcoats, with their mounts and dogs, are making their way through the sunlit street on a perfect day for hunting during the Eglington Hunt meet.

NO LINE—And that's the latest for Spring, according to Madeleine Vramant who designed this shapeless "Mother Hubbard" in Paris. The black silk crepe falls in undisciplined folds from a wide, rounded neckline that bares a bit of shoulder. Vramant thinks the dress may find favor at least in the Parisian Existentialist clique.

BETTER THAN A MACHINE—Joe Colp is one man who can't be replaced by a machine. On his job in New York, Colp ties the ends of bolognas and salamis at the rate of 500 an hour. A machine can do a neat job on 250 in the same time, but that's only half of Colp's production.

Teachers' Salaries Clarified Under New Legislative Ruling

In the school board article last evening, the maximum salaries to be paid teachers in Warren Borough for the school year 1952-53 were given. There is some misunderstanding concerning these salaries. These salaries begin in September 1952.

Beginning with the new salary law passed in the recent legislature, the salary a new teacher in Warren receives is \$2,700.

Teachers with two years' preparation will eventually, after a

period of eight years, receive a salary of \$4,300. Since in operation this law is two years' old, the maximum in Warren for these teachers is \$4,000. Many of them have been teaching here twenty to forty-five years.

For a teacher with three years' preparation this maximum is \$4,100, and in time will be \$4,400.

The teacher with a degree, or four years' preparation, starts at \$2,700 and in ten years will receive \$4,700. His salary for 1952-53 will be \$4,350 if he has had 10 years experience. There are twelve increments provided for a teacher with a Master's degree. Those having reached a maximum for this next year will receive \$4,550, and several years from now, \$5,100. Eight of 122 teachers will receive \$4,550 next year.

A teacher coming here with experience in another district does not start in at \$2,700 but receives part credit for his teaching experience elsewhere.

The average salary for teachers in Warren this year is \$3,767.

Brothers Advanced As Troop 10 Holds Its Board of Review

A Board of Review was held Monday evening, during the regular Troop 10 meeting session. The two Olson brothers, Thomas and Stephen, both very active in the scouting program, were found qualified and were advanced a rank. Thomas who has been a scout for the past year was advanced to First Class. Stephen, who has recently joined the troop, was advanced from Tenderfoot to Second Class.

Both Scouts have demonstrated unusual interest in Troop activities and appear to be promising leaders.

The Troop Board of Review consisted of the following men from the Holy Redeemer Parish: Henry Walters, troop chairman, Dr. S. Guinta, Paul Deliman, Frank Simones, and August Cerra.

The Explorers and selected Scouts from the troop continued their series of activities by visiting Gardner's Rocks, Sunday. This was an exploration hike and a most enjoyable one according to the leader, Assistant Scoutmaster Robert McDannel. Plans are already underway to have the entire troop view and explore the scenic spot.

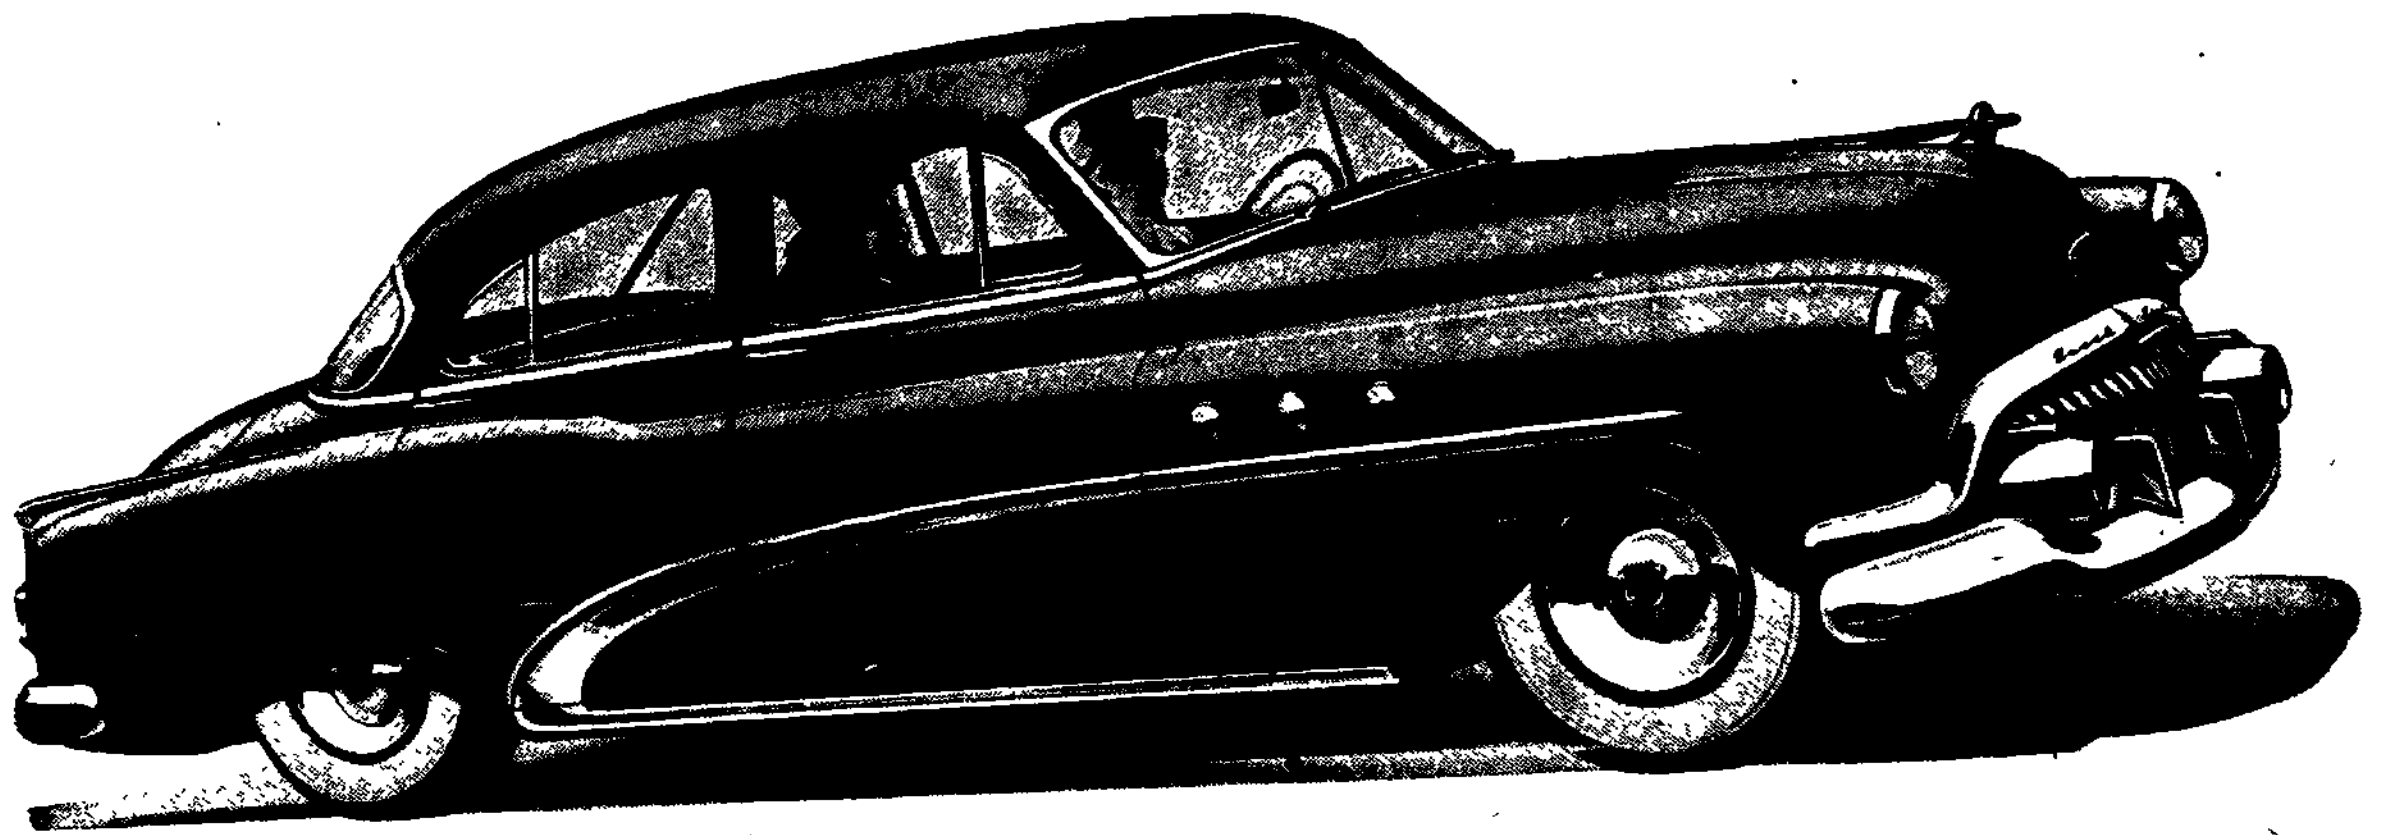

School Jointure In Corry Area Will Be Discussed Tonight

Corry Journal: Representatives of the six school districts in the Corry Area Jointure Wednesday night are expected to give approval to submission of building plans to the Department of Education in Harrisburg.

Two factors are involved in the prediction, made by one school board member, that the plans will be approved.

1. The need for haste, since several hundred applications are expected to be submitted and must be processed by the department.

2. The fact that the Joint Committee, made up of representatives from each of the six districts, has

Want a lot of mileage for your money?

WE'LL admit that the price tags of automobiles—all automobiles—are not what they used to be.

But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others.

So let's see how a Buick SPECIAL fits into the picture.

Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the low-priced field"—you'll find that, in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower.

But that's just the beginning.

What you're getting here is Buick

quality—this SPECIAL comes down the same assembly line as SUPERS and ROADMASTERS.

Its heft tells you it has extra sturdiness in frame and structure.

Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer.

You get Buick's Million Dollar Ride, which protects you—and the car—from jars and jolts.

Even the tires are bigger—which, any tire man will tell you, lengthens their wear.

And if you pay a bit extra for Dynaflo Drive* you're easing the strain on the engine, the

rear end, the tires—and eliminating clutch repair bills.

So when we talk about "mileage for your money" we're talking about the miles you'll get from your car—including the unused miles that are what you have to sell when you trade it in.

Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you?

Equipment, accessories, trim and models are subject to change without notice. Wheel Covers standard on ROADMASTERS, optional at extra cost on other Series. White moldable optional at extra cost when available. *Standard on ROADMASTERS, optional at extra cost on other Series.

Sure is true for '52

When better automobiles are built

already given approval of the plans as they were developed by the architect.

Wednesday night's session will be one of explanation for the 32 joint board members from Corry, Elgin, Spring Creek, Columbus and Wayne and Concord townships.

The tentative schedule, which calls for breaking ground this fall, hinges on no serious delays developing, particularly in getting approval from Harrisburg authorities.

The schedule calls for the building to be completed and ready for occupancy in 1954.

PENNSY DECISION DUE

The Pennsylvania Railroad's decision on the last two passenger trains serving Oil City and Titusville, will be made known at a meeting of P. R. R. and chamber of commerce representatives from both cities at Oil City Friday evening. Heading the railroad delegation will be A. J. Greenough, new general manager of the Central Region, Pittsburgh. The meeting will be held at the Arlington Hotel starting at 6 p. m. Last year the Pennsy asked the Public Utility Commission for permission to withdraw Trains 980 and 981. Before a hearing was held, the railroad agreed to a three-months trial period, which ended last Jan. 31. Chamber officials expect to hear the railroad's report on the trial period Friday.

BUY OR SELL, twice as well with "Want-Ads".

I Eat What I Like

Fear of heartburn, sour stomach doesn't spoil my enjoyment of favorite foods. Like millions of Americans, I carry Tums always. Pleasant-tasting Tums neutralize excess stomach acid—soothe the burning sensation of sour stomach, heartburn, gas almost instantly. Contain no soda to cause acid rebound. Follow the rule for happy eating—"Keep Tums Handy—Eat Like Candy."

FIRE INSTRUCTION COURSE AT RUSSELL

Russell, Apr. 2—Fire Chief Pat Ferrie, announcing the start of the fire school next Tuesday, reminds that this course of instruction is for all volunteer firemen in Warren county who wish to enroll.

The school will be instructed by Roy Horton, Kane, and will consist of three hours' nightly study for 18 weekly sessions.

While the time of later sessions has not been definitely decided upon, the opening class Tuesday evening will begin at seven o'clock and will be held in the social room in the basement of the local fire hall.

LARGE ATTENDANCE

Attendance at the clinic of the Warren County Crippled Children's Committee, held yesterday at the Municipal Building, was judged one of the largest in the history of the clinic.

4 WAYS
With The NEW
MONITOR PRESTOMAT

TIME . . . only 27 minutes for your week's wash (5 loads), as compared to 2 to 3 hours with wringer type or automatic washers.

LABOR . . . eliminates the back breaking work of rinsing by hand and countless trips back and forth to the basement.

CLOTHES . . . your clothes last longer since there is no beating or spinning action. The "aerator" thoroughly propels soapy water currents thru the clothes while the amazing "Prestomat" rinses and gently squeezes another load damp dry.

MONEY . . . Priced only a few dollars higher than better quality wringer washers and substantially less than the higher priced automatic washers. Uses less soap and hot water . . . and service expense almost nil since there are only 4 moving parts.

SOCIETY

GOLDEN WEDDING OF THE LYALL BROWNS
 Mr. and Mrs. Lyall Brown, lifelong residents of Youngsville and vicinity, will observe open house in honor of their 50th wedding anniversary Sunday, April 6, at the home of Mr. and Mrs. Robert Johnson, Brown Hill. The hours will be from two until six and all neighbors, relatives and friends are cordially invited to call.

PLEASANT PTA ELECTS OFFICERS
 At the monthly meeting of Pleasant Township PTA, held last evening in the school building, the following were chosen to serve as officers of the group in the coming year: President, Mrs. W. A. Frederick; vice president, Mrs. Rex Confer; secretary, Mrs. Charles Blackman; treasurer, Mrs. Frank Valone.

Other business considered included a vote to sponsor a Boy Scout troop and the decision to replenish dish and glassware supplies.

At the close of the business session, the Brownie and Girl Scout troops entertained with songs and folk dances under the supervision of Mrs. Edward Slick. To conclude the evening, refreshments were served by Mrs. Laverne Genberg and her committee.

YOUNGVILLE WSWS
 Thursday evening, the WSWS of Youngville Methodist church will meet at the home of Mrs. Harvey Osgood, with Miss Nellie Knapp as program leader. Election of officers for the coming year will be the principal item of business. Officers remind members who have not yet turned in their mite boxes to be sure to bring them to this meeting. The refreshment committee includes Mrs. Wave Carlson, Mrs. Paul Getta, Mrs. Catherine Davis and Mrs. Martha Chapel.

DORCAS CLASS
 A large turnout is hoped for at the regular meeting of the Dorcas Bible Class of First Lutheran church, to be held at 8:00 p. m. Thursday in the parish house.

Slim Suits, Loose Coats Take Top Easter Billing

SHORT STORY . . . One of spring's most popular silhouettes is the flared shorty coat, shown here in a pale lacy wool fleece, designed by George Carmel.

LADYLIKE LOOK . . . Suave fitted suit with new petal collar outlined in white.

SLEEK SWANK . . . Pencil slim suit with flattering new cardi-gan neckline.

CASUAL LOOK . . . Full-swing coat with bat-wing sleeves. All by Carmel.

ARTHRITIS AND RHEUMATISM FOUNDATION

WSWS MEETING
 A large attendance of members and friends is hoped for at the meeting of the WSWS of First Evangelical United Brethren church, to be held in the parlors of the church at 7:45 p. m. Thursday. During the social hour which follows, refreshments will be served by Mrs. Walter North, Mrs. Ralph Eckert and Mrs. Gerald Smith.

NOTICE
 Grace Aberg's Dress Shop will be closed all day Thursday. Open Friday as usual.

NURSES CHANGE MEETING
 The regular meeting of Warren General Hospital Alumni Association has been advanced to Thursday evening of this week and will be held at 8:00 p. m. in the Warren County Dairy social rooms. Dr. J. F. Crane will show movies of his European travels for the evening's program.

METHODIST GROUP
 Members of the Isabella Thoburn Group of First Methodist

WSWS will hold their regular meeting at 7:45 p. m. Thursday in Dunham parlors of the church. Mrs. R. L. Blodgett will be in charge of devotions, Mrs. R. W. Tranter will present the program numbers, and the social hour will be in charge of Mrs. G. R. Loree and her committee.

The brown rat, migrating from central Asia, is not believed to have reached Great Britain until about 1730.

Venezuelan Team Presents Mission Picture to Class

It was the good fortune of members of the J-O-Y Class of North Warren Presbyterian church to have as guests on Monday evening two members of the Venezuelan Youth Fellowship Team.

This team of four is in this country on tour to represent the work of the Presbyterian Mission in Venezuela, and to seek aid in promoting this very important program.

Mrs. Marie Jewell, class president introduced the Rev. John Sinclair, missionary of the Presbyterian Church, U.S.A. in Venezuela. Mr. Sinclair was visiting at the home of his sister in North Warren, Mrs. Robert Knapp.

Although this was his first "night off" in 30 days of a strenuous speaking schedule, Mr. Sinclair and his friends and team mate, Senor Antonio Rivero, spoke of the country, the people, their needs, and the lack of sufficient churches, ministers and missionaries.

Senor Rivero, a youthful elder of El Redentor Presbyterian church of Caracas, Venezuela, extended greetings to the class members in English, but resorted to his native language, with interpretations by Mr. Sinclair, to tell of his appreciation of all the Evangelical church has done for him and his family. Senor Rivero, a commercial artist by profession, is a second-generation Christian and

a product of the mission school. This Fellowship Team is also a vocal quartet and Senor Rivero is the tenor—Mr. Sinclair, the bass. The other two team members, not present Monday evening, are Senorita Amanda Pacheco, the soprano, and Nurse Oda Hilda Gonzalez, alto.

Senor Rivero entertained the class with several native Spanish songs, and some of his favorite hymns. He has a fine tenor voice, and his interpretations of the Spanish songs, especially, were most enjoyable and entertaining. It is most unusual to have such a fine program, and the class is deeply grateful to these fine people for sharing it with them.

LUTHERAN NOTES

Pastor C. J. Franzen, Youngsville, makes these announcements for his rural Lutheran charges: Thursday—4:00, Hessel Valley confirmation class; 8:00, Edith Franzen Missionary Society will meet at the home of Mrs. Kay Schnell, with Mrs. Norma York as co-hostess. Friday—7:30, public examination of Aaron confirmation class, with the rite of confirmation to follow.

IS SHOWER GUEST

Russell, Apr. 2—Mrs. Frances Lewis and Mrs. Carl Glotz were hostesses at the former's home for a miscellaneous shower which honored Mrs. John Stewart. Games and cocktails were enjoyed and the honored one was presented with lovely gifts for her home by the 14 guests in attendance. To conclude, the hostesses served refreshments.

★ RUTH MILLETT ★

Women Wonder Why Men Do Such Detestable Things

HAVE you ever wondered—Why a man sets such store by having his wife notice when he has had a haircut?

Why a man always expects his wife to come to him when he is in one part of the house and she is in another and he wants to ask where something is?

How a man who answers his wife's query as to "What's new at the office?" with a disinterested "Nothing much" can find so much to talk about if another man stops by and asks the same question?

Why a man will brag about what a holy terror he was as a kid and still expect his own children to have better sense than to get into such scrapes themselves?

Why a man never says: "Ask my wife; she's the boss" in cases where he doesn't want to say "No" himself?

STYLES CHANGE, TOO

WHY a man wants his wife to go on wearing the same hair style she wore when he first met her, never stopping to figure she was wearing the current style then just as she would like to be wearing the current style now?

Why a man figures that when he and his wife decide to buy something for the house it is a personal indulgence for the wife?

Why a husband who can't find one of his possessions that no one else ever bothers always says: "What did you do with such and such?"

Why a man will maintain that today's kids have more than is good for them and then go right ahead and buy them everything they ask for?

How a man, who takes a dismal view of some "wild scheme" of his wife's, has the nerve to turn around and take full credit for it if it succeeds against his gloomy predictions?

Sure, you have wondered all those things—if you're a woman.

BPW DINNER-MEETING

The April dinner-meeting of Warren Business and Professional Women's Club will be held next Tuesday evening at six o'clock in the YWCA activities building. Miss Emma Christian will speak on UNESCO, and officers for the coming year will be elected during the business session. Those unable to be present must cancel standing dinner reservations no later than Friday by calling Geraldine Ross, 446-J, or Blanche Alexander, 1323-J.

Missionary Alliance Meeting - Convention

The Missionary Prayer Band of the Christian and Missionary Alliance church, is conducting a special service Thursday evening at 7:30. Miss Fae Ickes, of the Kentucky mountains, will be the speaker for the evening.

Miss Ickes, a graduate of Transylvania Bible School, Freeport, has spent six years doing pioneer missionary work in the hills of Kentucky. Without any financial backing, Miss Ickes started her work, confident of Divine help, and her years of hard work with much prayer and sacrifice, have brought success. She has had many interesting experiences which she will relate in her message.

The annual missionary convention will follow this service, beginning April 6-9. Missionary speakers will be Rev. Harold Scerist of Indo-China, and Rev. Mahlon S. Amstutz, of Chile. The public is invited to attend these services.

ACKLEY GRANGE

All members of Ackley Grange are urged to attend the regular meeting to be held Friday evening when there will be drill practice.

Leland Haller conducted the last regular meeting of the group and a literary program in charge of Mrs. Evelyn Haller consisted of readings, songs by the entire group, and a vocal solo by Doris Way, accompanied by Mrs. Fern Way.

After Grange closed, drill was practiced and a cake-baking contest was conducted by Margaret Arthur, home economics chairman. Judges were Mr. and Mrs. Merle Schweitzer, Diamond Grange; Mrs. Flora Waltie, Union Grange, New York state, and winners were Mrs. Evelyn Haller, first; Mrs. Ralph Way, second; Mrs. Mabel Larson, third. Mrs. Haller will enter the Pomona Contest at West Spring Creek. A cake walk and other contests followed.

Members were urged to turn out the next meeting April 4, when there will be drill practice.

EUMMAGE SALE

Officers for Year Installed by Warren Lodge of Elks

Following are the new officers of the Warren Lodge of Elks installed Tuesday evening: K. B. Graham, chaplain; Joseph Goblinger, lecturer; John G. MacDonald, exalted ruler; E. M. Branch, leading knight; M. L. Jordan, pianist; L. M. Whiteshot, past exalted ruler; F. J. Mason, loyal knight; C. F. Schindler, treasurer; R. L. Ruhlman, secretary; P. C. Ostergard, A. A. Albaugh and H. J. Harvey, trustees; R. C. Schumacher, esquire; R. B. Frederick, tiler.

With officers of Punxsutawney lodge in charge of the impressive annual officers for the coming year were installed at a well attended meeting of Warren Lodge No. 223, P. O. Elks last evening. John MacDonald, whose father was one of the best known members of the fraternity in the district twenty years ago, was elevated to the post of exalted ruler, succeeding L. M. Whiteshot. Other new officers are: Leading knight, E. M. Branch; loyal knight, F. J. Mason; lecturer knight, J. E. Goblinger; secretary, R. L. Ruhlman; treasurer, C. F. Schindler; esquire, R. C. Schumacher; tiler, R. B. Frederick; chaplain, K. B. Graham; organist, M. L. Jordan; trustee, P. C. Ostergard. The inner guard is to be appointed and installed later. A large delegation of officers and members made the trip from Punxsutawney, and were guests at a dinner served by the house committee at 6:30 o'clock under the auspices of the Past Exalted Rulers' Association, with officers of Warren Lodge in attendance. The installation was in charge of Arthur Kromer as grand exalted ruler. Other members from Punxsutawney assisting were: Leading knight, Walter Zimmerman; local knight, Walter Bair; lecturer knight, Melvin Mitchell; secretary,

ton denoting his new rank as a past exalted ruler.

The new exalted ruler spoke briefly in appreciation of the honor bestowed upon him. He also named three committees as follows: House committee—Myron Check, chairman; Franklin Burman, Glenn Grosch, Fred Beyer, Clifford Graham and Richard Hines.

Flag Day—Ed C. Lowrey, chairman, E. W. Branch, Jr., Frank Mason, Joseph Goblinger, Kenneth Graham, Richard Schumacher, Harry Christensen, Ben Kinnear, C. T. Berdine, Ruel Smith, Don McComas, George Weigle, Tom Conway, James Torrance.

Blood Bank—Ernest Miller, chairman; Jack Culbertson, Dr. Julius Fino, Glenn Morley and Dean Anderson.

The exalted ruler stated that a total of 250 pints of blood have been pledged by members of the Elks through the activity of the committee, 66 of which have been already donated. The balance of 184 pints will be given before the July deadline as set by the grand exalted ruler.

It was also announced that the lodge closes the year with 100 per cent paid up membership.

Following the business session a luncheon was served and social time enjoyed before the Punxsutawney visitors left for their homes.

It was announced that a meeting of the Flag Day committee will be called within a few days. Tentative plans are to have a parade precede the ritualistic program which may be held at War Memorial Field. U. S. Senator Edward Martin has accepted an invitation to deliver the oration and other outstanding Elk officials in the district and state are expected to attend.

A floating iceberg has one ninth of its bulk above water.

WELCOME ARRIVAL!

One man who can count on a glad reception on every visit he makes is the telephone installer.

He knows how eagerly his arrival is awaited. And he knows how much it can mean, in time, convenience and travel saved, for each new telephone customer.

Telephone installers, like other telephone men and women, would like nothing better than to be able to connect every new telephone on the very day it is asked for. Most of the time, in most places, this can be done. But when new cable, new switchboards and other Central Office equipment are needed... as is sometimes the case... new telephones just can't be installed on short notice. The job takes time... and it takes many materials that are anything but plentiful. But we're doing everything we possibly can to meet every request for service, both civilian and military, with the least possible delay.

ENTHUSIASM SHOWN AS HOT STOVE LEAGUE ORGANIZES FOR ACTIVE 1952 SEASON

Presidency Is Accepted By Musante With Committee Aid Promised in All Departments

Meeting in the Trinity Memorial Parish House last night, members of the Warren Hot Stove League unanimously elected Charles Musante as president of the organization for the fourth straight year. Other officers re-elected were Gerald Archibald, vice president, and Robert Moorhead, treasurer. The newly chosen officers were Allen Anderson, secretary; Roger Hendrickson, financial secretary, and Angus Bailey, also vice president. Prior to the election, Mr. Musante expressed his desire to withdraw from the position of top officer, but after a proposed set-up of having two vice presidents and capable chairmen to lessen the burdens of the president, his acceptance to the office was gratefully received by the members. To help take some of the responsibilities away from the president Mr. Hendrickson volunteered to take complete charge of securing sponsors for the league this year. Although no definite action was taken by the committee last night, several important items were discussed. Because of the outstanding size of the organization, which had between 700 and 800 boys participating last year, it was brought out that the program cannot be spread into sections where interest was weak, as it was last year, if it is to be successful. It was agreed that to prevent this, the registration of boys be taken in the respective sections first, but not until responsible leaders are secured to run the teams with the equipment handed out. Representation at the session was fair, but small, with 20 members present from all but wards one, two and three, Starbuck and Rogertown. These members' interest and enthusiasm provide a nucleus for the league, but it will take the willingness of many more parents and leaders if the program is to function smoothly. In a financial report by Mr. Moorhead the members were pleased to hear that the year 1951 ended in the black. During the meeting Mr. Musante introduced Rev. Stephen Kanyon, of the St. Mary's Orthodox church in Pittsfield, who expressed interest in organizing teams in that area and acting as a manager. Rev. Kanyon came to Pittsfield last year, but at the same time continued to act as assistant manager of the Sullivan County All-Stars in the Little League, and in the previous year was manager of the Lopes team. Already he has built interest in the community and has promise of a field there. Before adjournment Mr. Musante set Tuesday for the next meeting date, when bigger steps will be taken to start registration of boys and committees will be appointed. The Cleveland Barons hold the American Hockey League playoff records for most overtime games played—20, and the most extra period wins—13.

Carter Wins From Salas, Keeps Title

Los Angeles, April 2—(P)—Jimmy Carter retained his world's lightweight title today after boxing his way to a unanimous decision over challenger Lauro Salas in a rousing 15-rounder. Although pitting up a good margin of victory with his sharp punching last night, the champion from New York never did solve the fading style of the willing Loser. In the final two rounds, the challenger—California's featherweight champion who hails from Monterey, Mex., but now lives in Los Angeles—took the play away from Carter and had him down in the 15th. Scored as a three-count knockdown by Referee Abe Roth despite a count of four by the timekeeper, there was some dispute about how the champion went down. Salas' supporters, and he had plenty among the crowd of 7,768, said the champ was knocked there. Jimmy, in his dressing room later, said he was off balance and fell as Lauro swung.

State College in National Tourney

Madison, Wis., April 2—(P)—Two entrants from Penn State College are listed for opening round matches in the National Collegiate Athletic Association boxing tournament which starts tomorrow. The pairings announced yesterday included: 119 pounds: Sam Marino, Penn State, vs. Joe Thornton, Louisiana State. 147 pounds: John Albarano, Penn State, vs. Bob Morgan, Wisconsin.

Stroke-Cutting And Six-Step Program Outlined for Golfer

Any golfer who shoots over 85 can take 10 strokes off his score this year. That is the promise held out by Charles E. Evans, Jr., in the May issue of Golf Digest magazine. Evans, who won the National Amateur Championship twice, the National Open once, and numerous regional titles many times, outlines a six-step, stroke cutting program for the average golfer. Its basic elements consist of: desire, will power, careful study and analysis, some expert help, plenty of practice, and lots of play. Says Evans, "The chances are 100 to 1 that if you have played golf for five years or more and still consistently shoot over, let's say, 85, you have no clear or sound understanding of a true swing. Your swing is probably compounded of a fierce desire to use that strong right arm and side of yours, urgency to get out and knock the cover off the ball, and a long-cherished contempt for golf theories and instruction. And, above everything else, an utter disavowal for practice of any kind. "If you have moulded your golf game on these attitudes and impulses, you had better condition yourself to just enjoying the sun and air when you go out on the golf course. Your game will never improve."

BUY U. S. SAVINGS BONDS

HOT STOVE LEADERS FOR 1952 were elected at the meeting of members held at the Trinity Memorial Parish House last night. They are, left to right, seated—Allen Anderson, secretary; Charles Musante, president; Angus Bailey, vice president; standing—Gerald Archibald, vice president; and Roger Hendrickson, financial secretary.

Lovellette Misses 'Dinky Old One-Footer' And Peoria Caterpillars Emerge Victorious

New York, April 2—(P)—Basketball record books will show that Clyde Lovellette scored the highest three-year point total of any player in history—an astounding 1,888. But the points the big guy will never forget are the two he didn't make last night. The human scoring scourge from Kansas University missed perhaps the most important field goal of his life—"a dinky old one-footer"—as his team dropped a tinging 62-60 decision to the Peoria Caterpillars in the finals of the Olympic basketball tournament. Too, it will go into the books that Peoria, the AAU champion, won the game when Howie Williams connected with a 20-foot one-hander with eight seconds to go. But if you talk to anyone who saw the game—there were 6,234 of 'em in Madison Square Garden last night—they'll tell you Lovellette's miff of a simple layup was the big story. With the score tied 60-60 and 15 seconds left, Lovellette electrified the crowd by stealing the ball from Peoria's Marcus Freiberg. The 244-pound giant lumbered down the court with nary a defender under the Caterpillar goal. There was a Kansas teammate on each side of the basket. Lovellette strode in himself—aiming to dunk one of the easiest baskets he'd ever made. But the ball wouldn't behave. It rolled off to the left, leaving everyone in the big arena stunned. "I felt sick," said the record-breaking All-American later. "After making all those tougher baskets I had to go and blow that dinky old one-footer." After the historic miss, Ronnie Bonemps of Peoria, grabbed the rebound as the clock spun toward the zero mark. Bonemps fired down court to Williams, who sent a high-arching one-hander through the hoop to clinch one of the most heated games seen here this season. After the game there was some question whether Lovellette should have passed to a teammate under the goal. But he was in the clear and odds on him missing a basket as easy as that probably would have been something like 1-to-100. As a result of its hard-earned victory, Peoria is the supreme ruler of amateur basketball in this country. Five of the Caterpillar players have qualified for the U. S. Olympic team, and with seven members from Kansas and two from the Phillips Oilers, will journey to Finland this summer for the international competition. The victory made Peoria's Coach Warren Womble, only 21, mentor of the Olympic cage squad. Phog Allen, Kansas coach, will be his assistant.

(DO)—doubles only; (SO)—singles only.

Cornplanter Team Takes First Place In Revolver Loop

Defeating Irvine 1007 to 996 at the State Armory Monday night, the Cornplanter team took first place in the Warren Revolver League with a record of nine and one. Other results in the meet were Sylvania 954, Youngsville 953 and Game Wardens 954, NARC 954. High individual scores posted in the match were Jenkins, Sylvania, 247; Thompson, Youngsville, 257; Schuler, Cornplanter, 264; Cowley, Irvine, 257; Worley, Game Wardens, 265; and W. Sidon, NARC, 230. According to league officials the annual Revolver League Party will be held Monday, April 14, at 7 o'clock in the Cornplanter Gun Club on Cobham Park Road. All members are cordially invited to attend this affair, at which a lunch will be served and movies shown. Next Monday evening at 8 o'clock the league will stage a pistol match at the Armory with the Bradford Revolver League. Team Standings W L Cornplanter 9 1 Game Wardens 8 2 Irvine 6 4 Sylvania 5 5 NARC 3 7 Youngsville 1 9

The high individual averages of the teams are Schuler, Cornplanter, 258.3; Knopf, Game Wardens, 259.3; Brennan, Irvine, 247.2; R. Sidon, NARC, 242.5; Swartz, Sylvania, 228.4; and 255.4, Youngsville.

Through The Wind Tunnel

During the serving of Sunday dinner at the Hafferman home on West Fifth street, son Eddy suddenly remembered what he was carrying in his pocket, and brought it out: Some very serviceable looking false teeth! He found them on Beatty Field. An advertisement regarding same appears elsewhere in this issue.

Two of the Warren Boy Choir members dropped in to listen to Orrie Beebe at his organ, last evening. One of them opened the door and departed, and Orrie noticed the other boy, standing with his back to the door, gesticulating out the window, urging his pal to come back. Finally the youth whispered to Orrie: "Sir, will you please open the door? My pants are caught in it!" No damage reported, just an impromptu crease.

Tony Vogler, arriving two weeks early for a friend's wedding and finding no one there, says he'll get all dressed up again on the 12th.

Warren did right well for itself in the fifth annual YMCA Open Basketball Tournament that closed in Jamestown last weekend. Ted Skattuck, playing for the Style Shop, was named to the All-Stars first team; Don Baldensperger, also of the Style Shop, was awarded a medal for the highest individual score recorded in one game, 33 points; and for displaying the best sportsmanship, Paul's Atlantic received a trophy.

Just another year, for the gentleman who calls cute little blondes "Dolly".

Sweater No. 15 worn by Farrell's All-State Julius McCoy, who also set a number of new state scoring records during the season, has been withdrawn and will not be worn by any future player.

Just a reminder for members of the Jamestown Naval Reserve Unit to start working on those spit-glines, the big inspection is Friday night and we hope the inspection party is even tougher than last year's.

Just read this little morsel of warning which came over the P wire bright and early this morning:

Darmstadt, Germany, April 2—(P)—A 22-year-old German worker was sentenced last night to 27 months in jail for biting off the tip of his fiancée's nose.

The bitter, Tamale Horn, pleaded self defense.

How come, that self-defense angle?

For the benefit of those participating in the Warren Bowling Association tourney, a schedule of the doubles and singles events to be held this Saturday and Sunday will be published on tomorrow's sport page.

Chub Brown hit a nice 633 three-game total in the Exservicemen's League last night to tie with Ernie Wilson for the league high.

Flanagan, Smith In Featherweight Scrap

Washington, April 2—(P)—Two little men, one a smooth boxer and the other a heavy puncher, collide tonight in a 10-round featherweight prize fight.

Smooth-working Glen Flanagan of St. Paul, rated fourth by the National Boxing Association, will meet Washington's Gene Smith at Uline Arena.

The bout will be telecast (CBS) at 10 p. m. (EST).

Smith, a 20-year-old Negro ranked fifth by the NBA, will be shooting for his 30th straight win.

Since turning professional Smith has scored 23 knockouts in his unbroken string of 29 victories.

Smith fights from a semi-crouch. He has one of the deadliest right hands in the featherweight division.

Los Angeles—Jimmy Carter, although floored in last round, retained lightweight title by outpointing Lauro Salas.

Phoenix, Ariz.—Eddie Anderson, Helena, Mont., won medalist honors with a par-75 in the Trans-Mississippi tournament.

LAST NIGHT'S FIGHTS

By The Associated Press Los Angeles—Jimmy Carter, 134, New York, outpointed Lauro Salas, 131, Monterrey, Mexico, 15 (title). New Orleans—Juan Padilla, 136½, Tampico, Mexico, outpointed Del Flanagan, 141, St. Paul, 10. Newark, N. J.—Bobby Lloyd, 146, Wilkes-Barre, Pa., outpointed Herman McCray, 144, Philadelphia, 4.

Fighter Is Injured In Pittsburgh Bout

Pittsburgh, April 2—(P)—Ray Fields, a 132-pound fighter out of Washington, Pa., is in "serious" condition today at St. Francis Hospital after being knocked out in a semi-final bout at Flamingo Arena. An attending physician said it probably would be 24 hours before the full extent of Fields' injury can be determined. He added it looked like the boxer suffered a severe brain concussion. Fields went down when Bill Wagner, 128, of Pittsburgh, uncorked a left hook at 3:45 of the first round of a scheduled star-round fight last night. He was unconscious 10 minutes.

You Are Cordially Invited to See the Most Beautiful Cars of Our Time

FOR 1952 The Golden Airflyte

TODAY you will see the first American car styled by famous Pinin Farina, creator of the world's most beautiful cars for its kings and leading figures. Today you will see luxury new to America—the greatest visibility, the widest seats, the most modern features ever combined in one automobile. Today you can take command of power that even surpasses last year's official speed record-holder ... In a new Nash Super Jetfire engine with Direct-Draft horizontal carburetion. All this with traditional Nash economy!

Today you'll see new wonders in automatic transmissions, in steering ease—in twin Reclining Seats and Twin Beds—all in the one car that's all new for 1952! Come in today—and take command of a Nash Golden Airflyte!

Exclusively Ours CAMBROOKE SUITS

You're sure to be a mighty proud Easter Parader wearing one of our CAMBROOKE Suits, a suit designed to fit you. There is a style and size all yours. Come in, choose yours now.

A. Rayon Rep Cutaway SUIT

It is really a beauty with its white pique collar, rhinestone pins on Fashion's newest shorter jacket. Padded hips that whittle your tiny Jr. waist. Slim gored skirt. **29.95**

B. Worsted Dressmaker SUIT

Smart 100% worsted check suit. Modified eight gore skirt. Expertly tailored, the jacket is lined in rayon crepe, interfaced with Armo hair canvas. Sizes 10 to 18 **\$55** now

C. Rayon Stripe and Flannel SUIT

A slim-lined classic suit. Twin flaps focus attention on your softly padded, tiny waisted jacket. Slimming six gore skirt in solid flannel. In basic shades of grey and tan. **\$29**

D. Crisp Rayon Faille SUIT

All the girls love this rayon faille suit with its perty short jacket and slim skirt. The jacket has its own self fabric carnations as a boutonniere. **29.95**

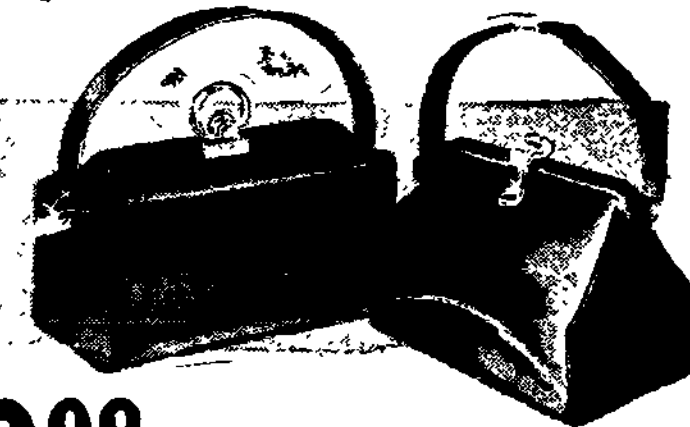

**Genuine Leather
Handbags to
Complement Your Suit**

7.98 - 10.98

plus tax

You're going to fall in love with these genuine leather handbags as they are so smart in any shape you choose them from boxed to pouch. Nicely lined, good solid clasps, beautiful workmanship, each bag is one you will be very proud to own in red, navy, black or brown.

V. I. P.

(Very Important Part)

The April issue of GOOD HOUSEKEEPING magazine devotes twenty-seven pages to Blouses . . . the very important part of your costume, they know that blouses are so versatile and exciting they can be the backbone of a wardrobe. Metzger-Wright's has many of these styles if not the same blouses. We give you a few of them here, many others await your selection.

A. Permanently pleated yoke and sleeves on this Nylon blouse make it ideal to wear with or without a jacket. A beauty, only **5.95**

B. Fine Bates cotton makes this shirt-waist blouse with real ocean pearl buttons. Pearl studs twinkle in the little cuffed sleeves. **2.98**

C. Wear your favorite necklace with this jewel neckline blouse of NYLON with its dainty tucked bodice. In white and the faintest pastel shades that look good enough to eat. **6.98** Only

D. Frills and more frills on this NYLON blouse with the tucked yoke. Sparkling buttons from the Peter Pan collar to the bottom. **5.98** Only

F. What could be sweeter than this Nylon Tricot blouse with the little collar and tucked bodice. You're going to love the feeling of being very well dressed and ready for daytime or evening in this blouse. **5.98**

**Easter Hats Were Never
More Flattering Than Now**

5.98 - 7.98

We don't know when hats have really meant as much as they do this year. Very flattering sailors, caps, shells . . . all styles in white, black, and your favorite pastel shades and navy
